MOTHER, DAUGHTER AND SON SLAIN

FARM HAND CONFESSES CRIME

Murderer Beats Victims on Head Then Uses Razor

Ex-employee on Farm Returns and Annihilates Family

IRONTON, Ohio, May 15.—Mrs. Dennis Massie, her son Robert and daughter Mary were murdered last night at their country home at Greasy Ridge, this county, twenty miles from Ironton, their bodies being found today. The mother 80 years old, the son and daughter past 45, were prominently connected in this city, another son being Tax Commissioner W. E. Massie.

CONFESSES MURDER.

CHICAGO, May 15.—Harley Beard, 18 years old, arrested here this afternoon, confessed to the murder of three persons on a farm near Ironton, Ohio, Wednesday afternoon.

Beard told detectives he first beat his victims on the head with a stick of wood and completed the work with a razor.

Those he killed were: Robert Massie, 45 years old; his sister Mary, 45 years, and their mother, Mrs. Nancy Massie, 80.

Beard was arrested at the home of his sister, Mrs. D. E. Day.

"I went to work for the Massies last September," said the prisoner. "I worked for them all winter and we got along all right, although on the whole they treated me pretty rough, particularly Bob. Last Monday morning Mary and I got up and hitched up the rig for Bob. He said he was going to Ironton or to Arlington to buy some furniture. Mary 'clowed me to my room, and when I ordered her out we quarreled. Then her mother came out and scolded me."

HAD TROUBLE.

"Bob got home about 11 o'clock that night and then Mary's story was told him. He did not say much to me Tuesday, but Wednesday afternoon, while he was nailing a board on a fence, he tried to hit me with the hatchet he was using. I warned this blow off, but next one landed, and he said he would cut off my head."

The confession recites that after this Bob started for the house, Beard following. The fight was renewed and Beard picked up a stake and hit Bob on the head. Mary came running up and was felled with another blow, and the same fate was dealt out to the aged mother.

"I had a razor in my room," continued Beard, "and I did not think the Massies were dead, so I cut their throats with the razor."

Dalton and Ruef Are On Parole Calendar

When the Prison Directors meet at San Quentin next Friday afternoon and Saturday morning, the parole of Abe Ruef and Henry P. Dalton will legally come before the directors for consideration. The meeting was scheduled for this afternoon and tomorrow morning, but for some reason was postponed until next week.

As is the usual custom, prison detail matters occupy the calendar of the Friday afternoon meetings so that the parole questions will not come before the directors, in all probability, until Saturday morning, May 23.

Hammond Ordered To Make Deposition

SAN FRANCISCO, May 15.—John Hays Hammond, millionaire mining engineer, who refused yesterday to make a deposition in the libel suit brought against him by his nephew, William Hammond Hall, was ordered by Judge Van Fleet, in the United States District Court today, to make such a statement tomorrow. Hammond refused to answer the questions of Hall's attorney yesterday and the case was appealed to the court.

Products of Dressmaker and Cook Are Shown in Berkeley.

BERKELEY, May 15.—"Hurrah" about the fathers of the girls in the Berkeley High School "Horror" again. We can afford good cheer.

The fair students can make their own tango dresses, daphnour waists, and all the other little furbelows which in the past have netted the dressmakers and modistes a handsome profit, and kept devoted fathers smoking pipes.

"Horrah!" shouts Cupid, for he realizes that the Berkeley High School domestic science class has reduced the high cost of matrimony.

The girls of the Berkeley school can make tango dresses, "I should worry" bonnets, lingerie, lace, and all manner of expensive wear, as well as the dressmakers, and at one-fifth of the cost they've proved it, too. In the high school domestic science department today they opened an exhibit of their work. There are ball gowns, tailored dresses, lace, lingerie, hats, bonnets—all in the latest styles, newest materials, and all marked with tags showing what they cost.

Every woman knows that a tango dress costs at least \$5. They can be made, the wearers' time, of course, not being counted, for \$1. A tango gown, that would sell for \$50 anywhere in the United States, and for \$100 anywhere in Paris, is marked at \$15. There's a new hat, one of the Memphis models, many an irate husband has paid \$50 for one. This one cost \$15 to construct.

That's why Berkeley fathers are jubilant.

TRAVELS FAR TO BEFRIEND WOMAN

Hazel Lux, Convicted, Receives Sympathy and Bouquet

Merced County Stranger Says Injustice Has Been Done

Taking a few dollars that he had saved and bidding good-bye to his wife and four children, Christine Busk of Gustine, Merced county, traveled more than 100 miles to Oakland and presented himself at the county jail, bouquet in hand, this morning with the request that he be permitted to see Hazel Lux, the woman who is under life sentence to San Quentin for the murder of William Garland, her paramour.

"I just want to sympathize with the poor woman," he explained. "I think that she was unjustly dealt with and I want to offer her my consolation. When she goes to San Quentin I hope to see her while there. She is unfortunate and needs sympathy."

MISSIONARY WORKER.

"I have been interested in missionary work for ten years," he said. "In Oakland, I read about the case of Hazel Lux in the newspapers and thought that I would come up here and see her. So I took a few dollars and decided to spend a short vacation that way. It was a long trip, but I wanted to make the acquaintance of the unfortunate woman."

Busk carried a bouquet of flowers, which he presented to the prisoner. He arrived in Oakland last night and called at the jail the first thing this morning. He had to wait for more than an hour before he was permitted to meet the prisoner. Hazel Lux welcomed his visit and accepted his floral offering with profound appreciation. Busk stated that he had heard that friends of the convicted woman were endeavoring to raise a fund to appeal her case to the higher courts. For the present time she will remain in the county jail, Sheriff Barnett said.

SOCIAL WORKERS ACTIVE.

Declaring that the sentence of life imprisonment given Hazel Lux for the murder of William Garland was too severe, a number of the leading club women of this city are endeavoring to intercede in her behalf. Her attorneys, Gehring and Wyman, will file papers for a new trial.

"Out of sympathy for the young woman we are anxious that the sentence be not so severe," said one of the club women this morning. "We thought that the sentence was entirely too severe and we are going to ask Judge Ogden why life imprisonment was given. We do not think that she should escape punishment, as we want to uphold the law. We have already conferred with District Attorney Hynes, who also thought it was too severe."

The following civic workers composed the committee:

Miss C. Anita Whitney, president of the Oakland center of the California Civic League; Miss Bessie J. Wood, Dr. Susan J. Fenton, president of the Child Welfare League; Mrs. C. C. Young, Dr. N. A. Foster and Miss Beatrice A. McCall, chief of the Municipal Women's Protective Bureau.

Resort Keeper Faces Delinquency Charge

SAN FRANCISCO, May 15.—Felix and Gladys Lomas, the two young girls found on the ocean boulevard yesterday morning in company with Kenneth Montague, son of Millionaire Louis F. Montague, of 2429 Ridge road, Berkeley, and Curtis Tuttle, once student of the University of California, appeared before Judge Judge Sullivan today as witnesses in the case of Edward Perry, proprietor of "The Great."

Perry had been arrested for selling liquor to minors at the same time as Montague and Tuttle were taken into custody accused of contributing to the delinquency of the two girls.

who arrested the three men, the case against Perry was dismissed and the testimony of the young women was not needed. The saloonman was released and at the city prison was charged with contributing to the delinquency of a minor. The girls were subpoenaed to appear against him. All three of the defendants are to appear next Thursday in the Juvenile Court.

WASHINGTON, May 15.—Secretary Bryan informed the Huerta government today that the State Department considered the action of the Mexican federal authorities in withholding information concerning the whereabouts of Private Samuel Parks a hostile act.

HUERTA BOTTLED UP.

LOS ANGELES, May 15.—Zapata has surrounded Mexico City to keep Huerta bottled up and prevent his escape until the arrival of Villa.

Villa started the attack on Saltillo today.

Oregon has entered Mazatlan and expects to capture or kill the few remaining men of the federal garrison in a few hours. Fighting is in progress in the streets of San Luis Potosi.

This is the summary of telegrams received today by constitutionalist representatives here concerning military developments in Mexico.

MEDIATION DELAYED.

WASHINGTON, May 15.—The opening of the negotiations of the South American mediators in the Mexican controversy at Niagara Falls, Ontario, was today postponed until Wednesday, May 20, the state department announced. The sessions were originally scheduled to begin Monday, May 18.

The three South American envoys on whom rests the hope of a peaceful solution of the Mexican imbroglio paid a formal visit of farewell today to President Wilson before his departure for Niagara Falls, Ont., to begin his peace negotiations.

In the blue room, the President, with his military and naval aides attend in full dress uniform, greeted the envoys. He wished them success in their mission of peace and expressed the hope that when they return to Washington they will have found the solution of the Mexican problem, which has confronted the

CAPTAIN IS ANGRY

Chief White Changes Detective Details; Bureau Chief Defiant.

SAN FRANCISCO, May 15.—Chief of Police D. A. White and Captain of Detectives John Mooney are at sword's point. White has issued an order and Mooney has defied him. Mooney talks of the activities of crooks and bunco men in the making of certain changes, and says he has got his fighting blood up, and is going to war to the finish. White is set to be heard from.

Here is the cause of the trouble: White relieved Detective Sergeant Joseph Redmond from charge of the white slave bureau and placed him at the head of a new bureau of pawnshop investigators, with Detective Murphy, Driscoll, Dinan, Reagan, Manion and Wren under him. Detective Thomas Murnan, founder of the white slave bureau, was again placed in charge, and promised a detective secretary.

Here's what Mooney says about it: "I recognize Chief White as the head of the police department, with supervision over everything except the detective's bureau. Here I am in sole command. I will not brook any interference."

I will not brook any interference from the white slave detail. The crooks and criminals will and that they can't get the best of me. I'm tired of this business of 'watchful waiting.' I've got my blood up now and they'll find out that Mooney is a fighter instead of an ordinary policeman. I won't say what I am going to do now but I'm going to do something."

EXPECT REVOLT IN MEXICO CITY

United States government for three years.

TRIO BEARS BURDEN.

On the three mediators devolves the real burden of the conference at Niagara Falls. They are to make all suggestions and initiate all moves. From them must come the plan which all parties will take under consideration.

Frederick W. Lehmann, former solicitor-general of the United States, and Justice Lamar of the Supreme Court of the United States, who comprise the American representatives, and H. Percival Dodge, their secre-

etary, are the three who will be charged with the task of bringing about a settlement of the Mexican situation. They will be in communication with Washington by telegraph and telephone.

DELAY DEPARTURE.

After the postponement was announced it was learned that Brazilian Ambassador Da Gama had decided that he would not leave Washington for Niagara Falls today as he had planned. The ambassador delayed his departure pending the development of plans following the postponement.

Minister Suarez, the Chilean envoy, also altered his program, which originally contemplated his departure from Washington tomorrow. The Argentine minister, Mr. Naep, also canceled his arrangements for leaving Washington tonight and announced he would not start for Niagara Falls. The postponement was announced by the Argentine legation as to necessary changes in their plans. It was thought possible that the Mexican representatives would meet the mediating envoys in Washington and that preliminary negotiations would be held before the peace party proceeded to Niagara Falls.

CONFERENCE WITH WILSON.

The mediating envoys, it was learned later, will return to the White House this afternoon for a conference with the President. It also was stated that the American delegates, Justice Lamar and Mr. Lehmann, would be present.

The purpose of the conference was not disclosed, but it was believed possible that some further reason for postponement of formal opening of the Niagara Falls conference might be brought up. The delay of the opening of the negotiations was arranged at the request of the Brazilian ambassador, Mr. Da Gama, in order that the Mexican delegates to the conference who are speeding northward from Key West, might not be unduly hurried in their trip to Niagara Falls. The Mexican delegation will reach Washington shortly after noon tomorrow.

CHANGE PLANS AGAIN.

Again changing their plans, the mediators returned to the Argentine legation without going to the White House to see the President. It was stated at the White House that the conference had been planned, but was later postponed. A conference of the American delegates, which had been scheduled with the President later in the day, also was postponed until tomorrow. No reasons were announced for the delays on these conferences.

In view of the circulation of sensational reports that the postponement of the Niagara Falls mediation conference was due to a serious hitch in the Spanish ambassador, Mr. Riano, who is acting for Mexico in the United States, authorized the statement that there was no political significance whatever in the delay, which was due solely to the late arrival of the Mexican delegates.

Confidence that the mediation would be ultimately successful in bringing about peace in Mexico despite the temporary delay was expressed.

pressed by cabinet officers after today's meetings.

The shipment of arms in Tampico from foreign ports other than the United States was discussed at the cabinet meeting, but one of the cabinet officers in close touch with Mexican affairs said he did not believe the American government would attempt to interfere with government shipments in any way.

The cabinet meeting brought out no vital developments, the discussion about policy being brief and general. Secretary Daniels spoke of the apparent return to normal conditions in the Tampico oil fields, saying they

were of considerable activity. Secretary Bryan said he had no further word about J. R. Silliman, the visiting American vice-consul, and believed he was still in Saltillo. Although the Huerta government has ordered Silliman's release, there is some doubt here about the ability of Mexico City officials to communicate with Saltillo, as the telegraph lines north are said to be interrupted.

The mediating envoys made no announcement of considerable activity. Secretary Bryan said he had no further word about J. R. Silliman, the visiting American vice-consul, and believed he was still in Saltillo.

ABANDONED GUNBOAT.

Admiral Badger reported that the Mexican federal gunboats Zaragoza and Bravo and the tug Tampico, which left Tampico yesterday, followed by an American gunboat and two destroyers, were expected to reach Puerto Mexico early tomorrow. He said the gunboat was abandoned in the Panuco river.

The Italian ambassador here today made representations to the state department in behalf of F. E. Teza, an Italian representative of the Eagle Oil company at Monterey, Mexico, reported held for 10,000 pesos ransom by constitutionalists. The state department assured the ambassador every effort would be made to secure information and to obtain the release of Teza, if he was held.

The hearing which began yesterday in the state department of the activities of the war department in the Mexican situation, Secretary of War Garrison said today. The secretary declared no new orders had been issued to any branch of the service. He said the work being done in government arsenals was being done under orders from the officers directly in charge of such work.

Revolt in Mexico City Is Awaited

VERA CRUZ, May 13.—Word has been received here today of the approach of a critical moment in Mexico City. British subjects, it is said, have been gathered in the concentration districts in the foreign residential quarters of the capital, where, it was decided long ago, they would protect themselves against whatever arose. British nationals are reported arriving by every train, while others are hastening toward the coast.

The Britishers are amply supplied with arms and ammunition despite earlier rumors that weapons had been taken from the legation and from residences by order of General Huerta.

The German and Austrian defense organizations are also ready to stand siege, and those nationals, according to report, are being gathered.

Apparently the feeling is general among all foreigners that the next few days will see a tumult of revolt in the capital, since the movement into the districts was planned to coincide with when the situation became critical.

General Velasco, who was defeated at Torreón with heavy loss and was himself wounded, has been ordered out of the capital to assume the military governorship of San Luis Potosi.

VELASCO PLOTTER? Many here regarded the appointment as significant, since rumors have been current that General Velasco is deeply involved in a military plot against General Huerta. Velasco has not yet recovered from his wounds and his friends say he is in no condition to assume command in the field.

After his return to the capital, Velasco is reported to have reproached Huerta for his failure to reinforce him at Torreón. The criticism on his chief was regarded by his friends as foolhardy and surprise was manifested that Velasco was not immediately imprisoned.

Mexican newspapermen here have been listed at the capital as traitors in a semi-official document sent from Mexico City, all those who remained after the occupation are accused of "selling their pens to Fletcher, the traitor," and an intimation is made that the federal government will deal drastically with them when it regains control of Vera Cruz.

The reply of the newspapermen was the issue last night of a new paper named "The Voice of the People," which devotes its entire first issue to the advocacy of the Constitutional movement and denunciation of General Huerta.

ATTACKED BY ZAPATISTAS. Creditable private advices from Mexico City report that the Federals at Topilejo, eighteen miles south of the capital, were attacked yesterday by the Zapatistas. No details of the fighting were received, but the incident is regarded as an important development.

It has been the scene of numerous clashes during the last few months and the engagements are usually indecisive, since the Federals never attempted to follow the retreating Zapatistas. It is not considered that the new activity there indicates any intention of a Zapatista attack on the capital, as the reported agreement between Zapata and Villa to move jointly against Mexico City is credited here.

The reported departure of the Federals with the American ships off Tampico is believed to be the result of a desire by the commanders to communicate with Mexico City from Puerto Mexico by the only telegraph wire open to them.

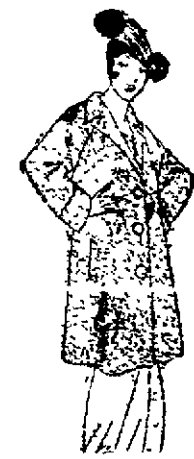

It is understood that the two American destroyers are conveying the gunboats to see that the costwise lights and other aids to navigation are not molested.

lent, and Berkeley high school boys, seeing the expense of marriage gradually dwindling, are buying books on "How to Make Love."

The exhibit is one of the most remarkable ever held in the school. In the main building are shown the products of the cooking classes. In the dressmaking room is shown an elaborate display of clothing and millinery. There are also exhibits in leather work, book binding, drawing, and a room full of all manner of little decorations and novelties made by the fair students.

Several hundred visitors saw the exhibit during the afternoon. Among them were Superintendent Morris C. James, Mrs. Elvina S. Beals and Mrs. Agnes C. Moody of the school board, Professor F. Arts and Crafts and a number of others. Among the girls of the school who assisted as demonstrators were the Misses: Eileen Alston, Miriam Ingheim, Dorothy Calf, Clara Knight, Dolores Waldorf and Mildred Palmer.

Raid International Counterfeiters' Den

SEATTLE, May 13.—Discovery of a gang of international counterfeiters became known today when it was made public that United States secret service operatives seized a counterfeiting plant in Seattle valued at \$3000. Detectives are working on clues concerning the identity of the counterfeiters who have been operating in Western Washington and British Columbia and eastward through Canada as far as Ottawa. The plant was discovered in a store room near the waterfront and indicated, secret service men say, that Seattle has been the headquarters of the gang. The counterfeiters have been turning out \$20 Canadian bank notes and Canadian \$5 bills and secret service men estimate that at least \$10,000 of this money has been passed on the Pacific coast in the last six months.

Suggests Grandmother's Remedy.

It's true, the season is here with its sudden changes, and the old idea that we need a blood medicine is not without reason. Two much heavy has caused a torpid liver, sluggish blood, and a weak, tired out feeling.

Sulphur, cream of tartar and molasses was grandmother's remedy but that has long been displaced by Vinol, a combination of the two most world famed tonics, namely, the medicinal curative elements of the cod's liver, without oil, and iron for the blood.

Vinol builds you up, makes you eat more and digest better, makes your blood rich and pure—puts healthy color in your cheeks.

G. G. Cliff of Opelika, Ala., says: "Last spring I was all run down, no strength, no appetite. I took Vinol as I soon felt strong and well as ever."

It guarantees Vinol to satisfy you and refund your money if it does not. The Owl Drug Co., Oakland, Calif.

SUES MRS. BORDEN

Wife of Millionaire Milkman Is Accused of Slander by Sister-in-Law.

LOS ANGELES, May 15.—Mrs. Helen M. Borden, wife of Gail Borden, the millionaire condensed milk manufacturer, who has appeared twice in the Superior Court as plaintiff in divorce actions, has been made defendant in a slander suit filed by Mrs. Mary A. Valk, her sister-in-law.

Mrs. Valk demands \$50,000 on account of statements alleged to have been made to her husband, Frank R. Valk, brother of Mrs. Borden, and other persons. That these alleged statements carried the meaning that Mrs. Valk was intimate with Borden is the charge made by Mrs. Valk in her complaint.

The complaint is exceptionally brief, containing about 300 words. Mrs. Borden's statement, Mrs. Valk says, were made on several occasions during the past year in Los Angeles.

Among the alleged statements to which Mrs. Valk has taken exception are the following:

"Oh, could I do first as he wished with her," and "Oh, you do not know all that has gone on between them. She was the cause of all my trouble with Gail."

Mrs. Borden's last suit for a legal separation from her husband was filed in the Superior Court on May 10 and is still pending. The first suit was tried in 1912 and a decree was denied by Superior Judge Houser, who halted the trial until Borden could be found and brought into court to give testimony. This testimony was given so reluctantly that the court expressed the fear that there was collusion and refused to grant a decree.

Fears Trust Bill Will Block Railroad Sale

WASHINGTON, May 15.—Thomas Harlan, of St. Louis, representing the St. Louis, Rocky Mountain and Pacific railroad, before the Senate interstate commerce committee today opposed features of the administration anti-trust bill. Harlan told the committee that the Atchison, Topeka and Santa Fe road is about to purchase the Rocky Mountain, but that there is a slight degree of competition between the roads and that the anti-trust bill might prevent the ownership by the Santa Fe of the Rocky Mountain.

DENTIST WILL PROFIT BY PHYSICAL COMBAT

FRUITVALE, May 15.—Frank Gonzales, a Fruitvale commission merchant, claims he will require \$50 worth of bridge work as the result of having several of his teeth loosened in physical encounter with Carroll Malcolm, a San Francisco commission man. Gonzales yesterday swore to a complaint charging Malcolm with assault and Malcolm was arrested by Constable W. A. Allen. Gonzales states a dispute over the purchase of rubber from a San Leandro farmer led up to the quarrel.

LOSS OF APPETITE

Most Successfully Treated by Taking Hood's Sarsaparilla.

Loss of appetite is accompanied by loss of vitality, which is the result of it. It is common in the spring because at this time the blood is impure and impoverished and fails to give the digestive organs what is absolutely necessary for the proper performance of their functions.

Hood's Sarsaparilla, the old reliable all-the-year-round medicine, is especially useful in the spring. Get it from your druggist. By purifying and enriching the blood and giving vitality, vigor and tone, it is wonderfully successful in the treatment of loss of appetite and the other ailments that are so prevalent at this time. It is not simply a spring medicine—it is much more than that—but it is the best spring medicine.

Hood's Sarsaparilla makes the rich red blood that the stomach and other digestive organs need. Get it today.

BOND PLAN IS APPROVED

Tax Association Passes on Auditorium

The only equitable way to provide for the completion of the municipal auditorium is by a bond election. In the opinion of the experts of the Alameda County Tax Association. In a report presented to Mayor Mott today the association declares that it would be unjust and inequitable to impose upon the present taxpayers the entire cost of this work, as the building will be enjoyed and used by generations to come, who should assume part of the burden.

The association refers to the fact that the city holds a legal waiver from City Supervising Architect J. J. Donovan of all commission on the auditorium for the original cost of \$500,000, so that he will not receive any additional compensation as a result of the increase in cost of the building.

The association employs experts to go over Donovan's figures and estimates, and has substantially endorsed Donovan's estimates. The report follows:

"Hon. Frank K. Mott, Mayor of the City of Oakland.

"Dear Sir: At a meeting held in your office on February 15 with the Auditorium Committee of the Progress and Prosperity Association, a committee was organized to present, that the Tax Association should engage qualified building estimates to verify the estimates made by the city architect for the completion of the municipal auditorium.

ASSURE VOTERS.

"The object of this request was that the proposed bond issue of \$500,000, for the completion of the auditorium might be before the voters with a report from the Tax Association that experts engaged by it had verified the estimates, and recommended that the sum named was sufficient to complete the building.

"This association, by action of its executive committee, accepted this suggestion, and agreed to obtain such a report. It was quite a difficult task to secure estimates whose experience had been such as to qualify them to properly check all of the special features entering into the construction of such a building, whose standing was so high as to make their findings absolutely reliable and conclusive, and who were at liberty to undertake the work, and meet all of these requirements involved considerable investigation and time.

INCREASE SHOWN.

"We finally secured the services of the Lindgren Company of San Francisco, well known and reliable engineers and contractors, and a new take pleasure in transmitting to you their report. According to said report the total cost of completing the auditorium, including all work done and moneys expended from the original bond issue of \$500,000 should be \$585,725. The detailed figures are set out attached hereto. Deducting from this total cost the \$500,000 provided by the original bond issue leaves the additional amount to be provided to complete the building according to the plans and specifications as now revised, \$85,725.

"As you are undoubtedly aware, there exists considerable difference of opinion as to the cost of the auditorium as to the advantage of completing the auditorium at this time. That is a question which we do not propose to come within the scope of this organization, and is not pertinent to the report which we were requested to make; therefore, we have no suggestion to make on this point.

MATTER OF JUSTICE.

"It is our judgment that a bond issue is the only equitable and legitimate way to provide funds for the completion of the building. The structure will be a permanent and exceedingly useful adjunct to the public facilities of the city, and the taxpayers in years to come will derive even greater benefits from the structure than are possible to the present population. Therefore, it seems only equitable that the cost should be distributed over a long period of forty-year bond issue.

"On the other hand, to provide funds for the completion of the Auditorium direct tax as has been advocated by

some who apparently do not realize what it means, would require the addition of a large amount to the tax rate for the coming fiscal year. The Tax Association is already on record as being unalterably opposed to this method of providing funds for public improvements of this character, and furthermore, it would be, in our judgment, an unjust and inequitable burden to impose upon the present taxpayers in such manner the entire cost of building whose use and beauty will be enjoyed by generations to come.

COMMEND DONOVAN.

"Another important feature which we desire to include in this report is the question of the portion of the auditorium. This matter was taken up by the Tax Association with City Architect J. J. Donovan and the city council now holds a legal waiver from him detail commission on the cost of the Auditorium over and above his commission on the original \$500,000, plus the engineers' fees of \$350, already paid by the city council, according to the terms of his contract. We may add that this item of engineers' fees was referred to in our Report No. 11 on the Municipal Auditorium, as being the proper charge against the city, according to the terms of the contract. We regard this as highly commendable. Respectfully submitted.

"EXECUTIVE COMMITTEE TAX ASSOCIATION OF ALAMEDA COUNTY.

"C. W. BARNARD, Secy."

The experts' report attached to that of the Tax Association, was as follows:

"Pursuant with instructions I present herewith my detailed estimate of the total cost of the Auditorium for the city of Oakland, Cal., according to the plans and specifications of J. J. Donovan, Architect. H. F. Hornbostel, Supervising Architect. I am giving a complete estimate rather than the amount necessary to complete the work, as I am unacquainted with the details of all the disbursements that have been made to date. The estimated amount necessary to complete the work can be determined by deducting the moneys that have been expended from the gross sum shown herein.

"I have not included in this estimate any sum of interest due on the bonds, grounds improvement, as there is none outlined in the plans and specifications. It is also possible that the contractor for underpinning may demand an extra on his work, on account of the change of the north elevation and returns from cement plaster to granite. The backing up of the granite is a slow tedious job, and he may demand compensation therefor.

Following is my estimate:

Preparation of site (contract let) \$13,132

Structural steel (contract let) 180,828

Fireproofing and stone base (contract let) 187,135

Grants work 11,857

Gerbers Renew Fight For Child's Custody

SAN FRANCISCO, May 15.—A two-fold fight over a pretty 4-year-old girl, extending from Berlin to San Francisco, came to a crisis today with the filing of a suit by Rudolph H. Gerber, of Berlin, for the custody of the child, recently given his wife, Mrs. Dorothy Alden Gerber. He alleges that the German courts have already made him guardian.

Mrs. Gerber kidnapped the child, Anna, from Germany, the father charges.

Mrs. Gerber recently sued for divorce, alleging that her husband struck her when she protested at his holding the nose of the little girl. She also said she pretended suicide to frighten her.

Aermaide Makes Trip With 3 Across Bay

The Aermaide made his second trip across the bay this morning, landing at its temporary dock at the foot of Webster street at 10:45 o'clock, just seven minutes from the time it left the Mission-street dock on the San Francisco side. The craft was driven by Silas Christofferson and carried two passengers—Lieutenant McCluskey of the navy aviation department and the United States marine corps and Alex. B. Cook, the well-known aviator of this city.

As soon as pleasant weather prevails six or eight regularly scheduled trips will be made between Oakland and San Francisco, and permanent dockage will be secured on both sides. The Aermaide will carry passengers on these trips.

No Need Being Old or Wrinkled Before 75

Lillian Russell says any woman who has wrinkles before she's 75 is herself responsible for them. Sunshine and fresh air she considers more valuable as complexion preservers than nostrums and cosmetics.

The chief objection to cosmetics is that at best they only temporarily cover up defects. They are certain true aids to Nature, which may be applied with directly opposite effect. Ordinary mercerized wax, for instance, actually removes a bad or sallow complexion, by gradually, almost imperceptibly, peeling off the worn-out dead skin. Just one ounce, procured entirely from a natural complexion, with an exquisite girlish color. Of course, cutaneous blemishes like pimples, freckles, fine lines, moth patches, liver spots, disappear with the discarded skin.

To prevent or remove wrinkles, a face bath, which also produces natural results, is made by dissolving an ounce of powdered saxolite in a half pint witch hazel. This is most effective and gives no upward after-effect.

Declines to Serve On Reserve Board

NEW YORK, May 15.—Harry A. Wheeler of Chicago, vice-president of the Continental Trust Company, has declined a membership on the federal reserve board. President Wilson has received a letter from Mr. Wheeler expressing his regret that he is unable to accept the appointments recently offered him, because of business connections which he cannot sever.

The president has now two places to fill on the board. Dr. Adolph C. Miller of San Francisco; Paul M. Warburg of New York City and W. P. G. Harding of Birmingham, Ala., have all accepted. Besides selecting two more men, the president must designate one of them as governor and another as vice-governor. He is canvassing again the list of 15 names which was before him when he made his first choices. He is anxious now to select some one from the middle-west, either Chicago or St. Louis and some one from the New England to preserve a geographical balance. One of the two to be selected will be a Republican.

Vallon Admits Lies, But Sustains Story

NEW YORK, May 15.—Harry Vallon, fellow conspirator with "Red Jack" Rose and others in the plot which resulted in the murder of Herman Rosenthal, for which Charles Becker is being tried for the second time, underwent the ordeal of cross-examination today.

He admitted he had lied on many occasions in respect to the murder, but swore his story of the events leading up to the crime was correct in essential details.

Counsel for the defense fired question after question at the witness in an endeavor to show that his testimony connecting Becker with the conspiracy was false. In no important points, however, was the witness's story broken down.

Woman Starts Riot; Umpires Are Stoned

ST. LOUIS, May 15.—The principals of two public schools, acting as umpires, were stoned and the majority of 500 school boys spectators engaged in a general fight during a riot started by a woman.

The woman took exception to the ruling of one of the umpires. She rushed on the diamond and was followed by the grandstand constituents of both teams. Stones were hurled at the umpires and the police at the park were unable to cope with the situation.

They not call brought a patrol wagon filled with policemen, who guarded the umpires to their homes.

CHICKEN THIEF AGAIN GETS PEDIGREE BIRDS

"The noctambulist who is also a poultry-fancier, and who has in the past two months conducted several raids on coops of blooded chickens in Oakland and vicinity, was again busy last night. Furthermore, his labors were fruitful. E. B. Philbrick, 5304 Myrtle street, this morning complained to the police that the "chicken burglar" had visited his place, taking with him a dozen small, but extremely valuable pedigree fowls. The work, it is believed, is that of the same man who has in the past few weeks raided chicken coops and rabbit hutches throughout the annexed district and San Leandro. The detective bureau is at work on the case.

91-Year-Old Pioneer Thanks Duffy's

"Grand Old Age and How to Attain It" has been told hundreds of times by willing testimonials to the fact that Duffy's Pure Malt Whiskey actually delays the effects of old age and brings back the vivacity and versatility of youth to its grateful users. Here's another achievement to its wonderful record:

"In 1835 I landed in New York after a voyage of about eight weeks from Germany, then to Buffalo via the Erie Canal, staying in Buffalo a short time. We started through the woods for our future home, known as the 'Hyman Homestead' to this day. Our family consisted of nine children, and not having much money to start with, we had the experience of the pioneer pioneers. Later as I grew up, I became interested in the milling business, farming, cattle dealer—worked hard for a good many years, and the famous John Miller, at that time one of the leading doctors in this section, said my time was short, so for the last 25 years or more I have been using Duffy's Pure Malt Whiskey, and I am thankful to say that I am well and healthy at 91 years and hope to make a good record yet."—Conrad Hyman, Strikersville, N. 36 PER CENT ATTEND THE CHURCHES

To Fill the Houses of Worship is Aim of Great Campaign.

With a total church seating capacity of 38,000,000, based on the 1910 population in the United States, the actual church membership in this country is but 36-38,000,000, out of a population estimated at 98,000,000. In other words, but 36 per cent of the population of this country attend the churches.

In Ireland it is estimated that 70 per cent of the population attend the churches. In Germany the percentage is even higher. One factor which is regarded as highly edifying by the American church people is the showing made by Sunday school scholars, one half of the total number of Sunday school attendants in the world being in this country. The 1913 statistics show that the total number of Sunday school scholars in the United States is 13,732,841. The world's Sunday school attendance is only 24,076,555.

To fill those 21,845,655 vacant seats in the churches is the aim of the great campaign of the world in religion. The church membership has not kept pace with the growth of the population. KNOWLAND STIRS SOUTH, IS SAID

Former Senator Flint Declares Alameda Congressman Leads Field.

Republicans returning from the South have brought news that the candidacy of Congressman Joseph R. Knowland for United States Senator is meeting with enthusiastic approval.

Former United States Senator Frank P. Flint, discussing the situation with a number of leaders in a San Francisco hotel yesterday, among whom were former Governor James N. Gillett, said, in answer to a query:

"The feeling, but you know that Joe Knowland. They don't take San Francisco seriously, and James N. Gillett has more friends down there than Frank Henry. Joe Knowland found this out during the recent visit there."

Knowland is being urged by the publican party and that that party has always satisfactorily responded to the requirements of the country. Knowland is being urged by the publican party and that that party has always satisfactorily responded to the requirements of the country.

WOMAN RUNNING MATE. And now in the South there is a movement on foot for the nomination of a woman for lieutenant governor. BAKERSFIELD, May 15.—Samuel James Montgomery, aged 50, was killed yesterday in the Faymaster gold mine at Bakersfield. He was the first of the footings while coming up the ladder in the shaft. He is survived by a wife and two sons at Los Angeles, where the funeral will be held Saturday, with the Elks in charge. Montgomery was a pioneer of the Bakersfield district seventeen years ago, and highly respected. He was the first storekeeper and most recently superintendent of the mine in which he died.

League Speakers to Discuss the Water Question

(By BETTY MARTIN.)

If there is one thing more than another that the California Civic League stands for, it is its belief in the right of judgment. Its members recognize the fact that there are two sides to every question and therefore nothing is ever settled upon a party without first having investigated fairly and squarely both sides of whatever question may be at issue.

The Oakland Center has already listened to speeches from the candidates for the office of county superintendent of schools.

A similar opportunity is to be given the Berkeley Center on Thursday, May 13, when the four candidates will speak. They are Miss Alice Dougherty, Miss Blanche Morse, H. C. Petray and the incumbent, George W. Fick.

Yesterday members of this center heard the water district question discussed. BONDS AND WATER DISTRICT. Members of the Oakland Center are so deeply interested in having matters thoroughly understood before being put to vote, that they have called a special meeting for Saturday afternoon at 2:30 o'clock at the Hotel Oakland. Assisting will be the auxiliaries of the Center, the School Women's Club and the Oakland Teachers' Club.

Two sides of two questions are to be heard. The bond issue and the municipal water district are both to be discussed by well-informed speakers. F. H. Briggs, chairman of the progress and prosperity committee of the Oakland Chamber of Commerce, is going to present arguments for the bonds. Dr. H. F. Deesau purposes to show why they should not be voted for.

Appearing in favor of the municipal water system is the attorney, while another attorney, J. H. Boyer, will argue against it. The change to learn should not be light, but aside for to vote intelligently is not only a duty but a privilege.

Strange to say, at the meetings of the California League women outnumber the men at least ten to one, and when they do finally vote it is safe to say they will have the strength of their convictions.

ANNUAL MEETING. The annual meeting of the California Civic League is to be held at 230 Post street, San Francisco, on Saturday, May 30, at 10:30 a. m.

OAKLAND'S REPRESENTATIVE. The Berkeley Center of the Civic League departed from routine work on Tuesday when it gave an elaborate luncheon at the Hotel Shattuck. On this occasion the Oakland Center was particularly fortunate in having as representative its president, Mrs. Cora H. Jones, who was one of the guests of honor.

CALIFORNIA HOSTESSES. A precedent was established this week when Mrs. Ridenbach was appointed "official hostess" of the Idaho State building at the exposition grounds. Mrs. Richardson will be head of the receiving line at all receptions in the pavilion and

will have general supervision of Idaho social functions. There can be no question, so far as Idaho is concerned, of its being at the head of the parade of nations which are certain to be given in the Idaho building.

Other states will undoubtedly follow the example set, for in so doing all vexing problems can be readily settled. The bulk of all entertaining during the Exposition year, however, must be at the hands of California women, and the headquarters will be in the California Hostess building. How best to entertain the thousands upon thousands of guests is always being debated. But one principle is agreed. The California women must maintain the reputation established by the arguments for hospitality.

By far the larger proportion of the entertaining will of necessity fall upon the women of the bay cities, but they are amply equipped for the pleasant task.

All over the state women are beginning to lay plans for the Exposition year, and the chairman-meaning "women" of the various county auxiliaries—are calling meetings to decide upon the part to be taken. Among this week's meetings was one of the Sonoma county auxiliary, of which Mrs. James S. Sweet is chairman.

CLUB'S LAST MEETING. The date set for the next open meeting of the California Writers' Club is Tuesday, June 2, at 8 o'clock. Mrs. Chas. H. Rowe is chairman of the Fiction Section, under whose auspices the evening's work will be done. George A. Smithson, instructor in the English department of the University of California, and critic of the correspondence course in short story writing, will be speaker of the evening. Dr. J. H. Boyer will be the host.

"Elements of Plot in the Short Story." Musical numbers will supplement the talk.

After the June meeting the club will take a vacation until September. Two invitations of note have been extended to the California Writers' Club for the month of May. The first is for Tuesday, the 19th, at 2:30 in the afternoon. It comes from the California History and Landmark Society of Euclid Club, having as guest Miss Ina Coolbrith, California's famous poetess. Miss Coolbrith is an honorary member of the California Writers' Club, and a large attendance of the membership is expected to accept this invitation.

It is also expected that many of the writers will avail themselves of the other invitation extended to them by the Joaquin Miller park committee, bidding them participate in the first annual pilgrimage to "The Heights" in commemoration of the poet's death. This is to be an all-day affair of Saturday, May 23. Guests will be received by Mrs. Miller and Miss Juanita Miller, who will give a program of Miller's poems.

CHORAL HISTORY. Beside the excellent program rendered by the Wednesday Morning Choral Society at the Oakland Home, given this week in the Ebell Auditorium, the occasion was noteworthy because Paul Steindorff, their popular leader, made his last public appearance in Oakland prior to his departure for Europe.

Mr. Steindorff has been with the society since its inception several years ago, when the Ebell choral section, of which he was their leader, disbanded. Many of the members wished to continue their studies under so able a master, and the present Wednesday Morning Choral Society was formed. It is comprised of about thirty members, all well-known socially, as well as in musical circles.

At the close of their last concert their leader received many wishes of a pleasant journey and safe return. To a certainty, no other professional musician of this coast has held so varied a list of engagements. He is an incessant worker. Whether engaged in his labors at the State University, directing the orchestra for a grand opera performance, or leading the park band, he gives of his best.

AT HOME. Many guests availed themselves of yesterday's opportunity to visit the West Oakland Home, that pet charity of so many philanthropic men and women of Oakland.

Throughout the afternoon and evening fresh arrivals came, all eager to pay their respects to the officials and to see the children so happily housed.

TULARE COUNTY CALLS HIGHWAY BOND ELECTION

DINUBA, Cal., May 15.—The final solution of the highway question in Tulare county was reached at a mass meeting of taxpayers and county officials today when resolutions were unanimously adopted calling for a bond election to be held on August 10.

It is proposed to include in the bond issue sufficient funds to build bridges for the state highway through the west side districts, and for the construction of a 25 mile boulevard to connect the citrus towns on the east side. The estimated cost of the work is more than \$1,000,000.

The supervisors agreed to appoint the commission and call the bond election without delay.

CITY BEAUTIFUL WORK IS AIDED

Claremont Merchant Contributes \$25 to Be Awarded as Prizes.

In a spirit of public enterprise and with a desire to forward the City Beautiful movement, Guy M. Walden, merchant at Claremont and College avenue, has donated \$25 as a prize to be awarded to the person having the best lawn in the Claremont district of Oakland in 1915. In a letter to Mayor Mott, Walden writes:

"It is with great pleasure to know that the officials of Oakland are taking it in their hands to make this city a clean, up-to-date town. I will be glad to lend all the aid I can, and have decided to place a check for \$25 in your hands, to be given to the person having the best lawn in 1915, the exact date be-

ing.

"Your letter of recent date in which you offered a prize of \$25 to the person having the best lawn in the section of the city in 1915 is before me. With much pleasure I acknowledge the receipt of this letter which is indicative of the same for the City Beautiful movement. I am sure you will be glad to do your best for the city's welfare. I shall take great pleasure in having a part in your plan and at the proper time I will be glad to announce the details of the competition which you propose. With your permission, I shall give your plan publicity so that others may be interested and to be as helpful and enterprising as you have been in this movement for the beautifying and cleaning up of our city for the Exposition. With kind regards, Yours very truly, FRANK K. MOTT."

OAKLAND ROTARY CLUB PLANS TRADE EXCURSION

Details of the trade excursion to Walnut Creek tomorrow under the auspices of the Oakland Rotary Club were discussed and perfected yesterday at a meeting of that organization. Boosting for Oakland is not the entire purpose of the outing, according to Lewis Gear, who stated that the object will be to give an upward impulse to the thriving little Contra Costa town. The party will leave for a meeting of that organization at 2 o'clock this morning by the Alameda & San Francisco railroad. At 10 o'clock and reach this city again at 5 o'clock. A luncheon will be enjoyed at Walnut Creek, where George E. Randolph, T. H. Fallon and R. N. Burgess will be the speakers.

DEMENTED HOTEL GUEST TEARS UP FURNITURE

SAN FRANCISCO, May 15.—Guests at the fashionable Hotel Many were awakened at 2 o'clock this morning by a series of unearthly shrieks, followed by the loud banging of furniture and shouts of hurrying bellboys. An investigation by the night clerk disclosed the fact that H. W. Macdon of Chico had suddenly become mentally deranged and proceeded to tear things up. With the aid of Portolan Marine Stevens the hotel attaches placed him under restraint. He was taken to the detention hospital, where he is being held for observation.

EDITORIAL ASSOCIATION TO MEET IN S. F. IN 1915

The National Editorial Association of the United States will hold its 1915 convention in California, and in influencing the choice of this state at the recent convention in Houston, Tex., the Oakland Chamber of Commerce was largely instrumental. The convention will probably be held in San Francisco, and in that event Oakland will be given one day for the entertainment of these visitors who represent the leading newspapers of the country.

SUFFRAGETTES TO BE THIRD SEX, SAYS M. P.

LONDON, May 15.—"A new sex is growing up; a third sex—women who deliberately abandon all feminine attributes and honestly do not care for love or passion."

This, according to Sir William Bull, member of parliament for Hants, in an article in the Academy, is the real reason for the growth of the women's suffrage movement.

"The young women of half a century ago who did wool work also wasted thousands of hours of valuable time in practicing the piano," said Sir William. "In nine cases out of ten she had no taste or inclination for music, and is now as distinct as her grandmother who swooned in graceful attitudes on every occasion. Women nowadays are taking up a more aggressive position in the world. They travel unaccompanied, they ride alone in taxis and live like bachelors by themselves in flats, if they think fit, without scandal. They want to live their own lives; they do not want to get married or expect it. They imitate men as far as they can in their attire. They smoke cigarettes and lead useful lives as clerks, typists, telegraphers, actresses, doctors and take up a hundred other occupations which were formerly the sole occupation of men. They do not want men; they are learning to be independent of men."

"I do not pretend that all women who follow these occupations are at this stage, but I maintain that there is a large and growing proportion of what is practically a third sex. Inasmuch as the proportion of men over women is increasing I see no harm in it but good. Spinsterhood is no longer the reproach it once was, and women lead far more interesting and brighter lives than they ever did before."

LIKE TANA & NANI IS 'NACHINAGLE'

Dorgan Discovers Way to Still Note of Night Bird.

"Send out a man and have this stopped. Maybe it's a crow whistle, maybe it's a woman being killed, and maybe it's both. It's got the whole neighborhood alarmed."

The message that called detectives from the central police station to East Oakland last night. There was a noise, too. Some time before the police reached the place a weird, whistling scream assailed their ears. He hurried to the scene of the trouble, they found windows up in all directions and neighbors in exasperation.

The noise came from the home of Tim Dorgan. Inside they found him, endeavoring with a bucket to suppress the screeches of a queer bird, small of size but large of lung power.

"What's the matter here, Tim?" asked Captain of Detectives Lou Agnew, who headed the rescue posse.

"I can't make the thing shut up," declared Dorgan. "It's an imported German 'Nachinagle'—very valuable—and I won't let it go to the Moore Carnival. I brought it home to suppress my wife."

"It did," asserted Mrs. Dorgan. "It's too," said the neighbors.

"I don't see how so small a bunch of feathers can make such a big noise. You'll have to hush it up."

"How?" asked Dorgan.

"Good," chorused the neighbors. "Good," chorused the neighbors. A few moments later the bird's screech resounded in the city hall.

"Say," reported Jack McKeehan, to the captain, "the prisoners are all awake, and they say the place is haunted. It's that bird on there. It can't stay. Even prisoners have to sleep."

"So do neighbors," said Agnew. "That will be all," said McKeehan. Consultation resulted in a telephone call to the owner of the bird. He appeared as the lights on the city hall tower flashed the hour of one. He listened to the complaints at home, and then carefully took the bird from the cage and wrung its neck.

"I never liked German birds anyway," he declared, as he faded homeward. Peace reigns under the city hall clock again.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription outline—double strength—has been discovered.

Simply get an ounce of ointment—double strength—from any druggist and apply a little of it at night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength ointment, as this is sold under guarantee of money back if it fails to remove freckles.

ADULTION OF CHILD LABOR

A. J. McKelway Addresses the National Conference of Charities.

MEMPHIS, Tenn., May 15.—"Child labor should be abolished was the declaration of A. J. McKelway, of Washington, secretary of the Southern States National Child Labor Committee, in an address before the National Conference of Charities and Corrections here last night."

"The child labor system," the speaker said, "is not so much the result as a prime cause of poverty. The industrial establishment which does not pay sufficient wages for the support of adult workers is not a blessing, but accurs to the community. The establishment which does not pay the main bread winner of the family sufficient wages for the support of the family in conditions of decency and comfort is a type of industrial establishment that does not deserve to survive on American soil."

Mr. McKelway declared that four things are required in raising the standards of living: First, the abolition of child labor; second, the establishment of the minimum wage schedule; compensation for industrial diseases and accidents; and fourth, compensation for mothers.

"No standard of living and labor should be accepted as proper in any community that does not recognize the maintenance of normal family life. This was the keynote of the establishment of the minimum wage schedule for the support of the family in conditions of decency and comfort is a type of industrial establishment that does not deserve to survive on American soil."

S. F. ELECTRICAL BOARD HAS STORMY MEETING

SAN FRANCISCO, May 15.—A stormy meeting of the city electrical board, consisting of the joint boards of fire and police commissioners, broke up last night with the resignation of Police Commissioner Max J. Kuhl as chairman of the electrical board. The resignation was not acted on.

The meeting, which was executive and was attended by all the fire and police commissioners, is said to have begun with a fight which lasted just as long as the meeting. The row was over the appointment of a chief of the department of electricity to succeed William J. Nixon, who recently resigned.

BEGGAR CLAIMS TO BE DESCENDANT OF KINGS

LONDON, May 15.—A pauper of 60, Augustus West by name, who became an inmate of Wadsworth Infirmary the other day, claims to be a direct descendant of George II. He declares that his grandmother was Princess Lavinia of Cumberland, who died in 1871 after unsuccessfully appealing to Queen Victoria for recognition of her claim to be of royal blood.

The Cumberland claim was first made in 1817, when a Mrs. Olive Serres alleged that she was the daughter of Henry, Duke of Cumberland, brother of George III and grandson of George II. The question was raised in the House of Commons, but her claim was rejected and she died in 1834. Her daughter Lavinia's subsequent efforts to establish her royal lineage were supported by many famous men.

SINGLE TAX BILL TO BE VOTED UPON

Proposed Initiative Measure is
Filed With Washington
Secretary.

OLYMPIA, Wash., May 15.—A proposed initiative measure known as "the fundamental reform act," a form of single tax, was filed with Secretary of State I. M. Howell by Thorwald Siegfried, a Seattle attorney, today. The proposed bill, which will be submitted to the voters at the November election if sufficient signatures are obtained on the initiative petitions, is a modified form of the New Zealand forced sale and rental act. Under the terms of the measure every land-owner is required to set a price on his property, in lieu of improvement, for which he will sell and on which he will pay taxes. The state may buy the land at the owner's price or any citizen may bid

in to pay an annual ground rental or super-tax in addition to general taxes. The owner may refuse to accept the bid only on condition that he pay three-fourths the annual premium offered. The provisions of the act, which would become effective in 1915, do not apply to land which the owner uses as a home, store or factory.

EX-PRESIDENT OF ROAD GOES AFTER DOCUMENTS

WASHINGTON, May 15.—Former President Charles S. Mellen of the New York, New Haven & Hartford railroad, after a conference with Chief Counsel Folk of the Interstate Commerce Commission, left today for New Haven, Conn., to obtain the documents and papers which the commission desires to have as an elucidation of Mellen's testimony.

Mellen told Folk today it probably would require at least two days for him and his counsel to go over the mass of papers which he has at his New Haven home and at his summer house in Stockbridge. He is expected to return to Washington next Monday prepared to continue his testimony.

LADIES' AID SOCIETY OFFERS WHIST PRIZES

A whist tournament will be given tonight in West Oakland auditorium, Tenth and Peralta streets, under the auspices of the Catholic Ladies' Aid Society, Branch No. 35. A large number of prizes will be given to those making the highest score. The various committees are preparing for an enjoyable evening and making arrangements for a large attendance. Mrs. A. A. Chapman is president and is assisted by Mrs. B. Spencer, Mrs. H. E. Magee, Miss Nora Lydon, Mrs. N. Conner and Mrs. H. Wales. The score girls will be Miss Margaret Lewis, Miss Agnes Treacy, Miss Hazel May, Miss Mary Brady and Miss Katherine Toune. The prize committee is composed of Mrs. J. Barnett, Mrs. E. F. Garrison, Mrs. H. E. Magee, Mrs. H. Wales and Mrs. Duddy.

MRS. WINGFIELD CONTINUES VERY ILL

BENIC, May 15.—The condition of Mrs. George Wingfield, wife of the millionaire, has not improved today. Her fever is not yet under control and her temperature has been 104 throughout the day.

Santa Clara, May 15.—The twenty-seventh annual Ryland debate will occupy the attention of the public tonight at the University of Santa Clara auditorium.

BIG UNION DEPOT FOR SACRAMENTO

Several Electric Lines Centering There Will Unite, Is Report.

Sacramento, May 15.—In the near future, it is reported, the several electric lines entering Sacramento will unite in the erection of union passenger and freight stations at the river front in West Sacramento, just below the M street bridge. It was also stated that the companies which would join in this important undertaking include the Northern Electric, the Oakland, Antioch and Eastern, the Central California Traction, the Vallejo and Northern and the West Side, now in process of construction, and that the matter had been prepared by local architects for the union passenger and freight stations to be used by these lines. The way has opened through the practical consummation of the negotiations, which will place the Central Traction Company in the hands of the Santa Fe.

San Jose, May 15.—James Gilson, for 33 years private secretary to the late Dr. Charles Fox, a pioneer physician and mining broker of San Francisco, yesterday paid into the County Treasurer's office the largest inheritance tax paid by a "stranger in blood" to a deceased person since the adoption of the inheritance tax in California. His payment amounts to \$250,551 and the percentage reached the maximum under the

statute, 25 per cent on the last \$525,000 of his inheritance from Mrs. Sarah L. Fox, widow of Gilson's employer.

Burlingame, May 15.—Rigged out as a moving picture man, with sombrero, chains, bandana and revolver, 16-year-old Maurice Derruau was arrested here last night on suspicion of being responsible for a number of burglaries that have taken place at the homes of wealthy householders recently.

San Rafael, May 15.—One dog bite \$100. This is the price set on sundry incinerations of trousers and limb contr

apment to bed, loss of work and cost of medical attention, by Mario Avall, a Fairfax teamster, in a damage suit filed here today against M. O. Miller, real estate man and president of the Fairfax Improvement Club.

Fresno, May 15.—In eleven minutes

a jury late yesterday afternoon convicted Dr. A. L. Hunt, an osteopath, on a charge of manslaughter growing out of the death of Mrs. Florence Sauer, aged 20, a Merced bride of but five days.

Sentence will be pronounced May 20.

Santa Barbara, May 15.—Multi-

millionaire F. F. Peabody of Chicago and New York is astonishing Santa Barbara by actually moving a 15-year-old orange grove, tree by tree, from this city to his new winter home place on the summit of Eucalyptus hill, five miles distant.

TO NAME HEAD OF MILLS COLLEGE

Successor to Dr. Luella Carson to Be Chosen When Term Begins.

With the opening of the new term at Mills College, a successor to Dr. Luella Carson will be appointed. Miss Clary Carson will be appointed temporary president of the institution and she will serve in that office until the board of directors name her successor. Dr. Carson's resignation will take effect in July.

Miss Eke has been a member of the faculty of Mills for the past seventeen years. Until her recent promotion, she was head of the department of mathematics. About six months ago, she returned from a trip abroad, where she studied in the University of Munich, specializing in out of door work with the object of embodying nature into the curriculum. Miss Eke is now president of the alumnae of Mills College.

RARE BLOOMS CHARM AT SHOW

THRONGS AT FLORAL DISPLAY

FROM LEFT TO RIGHT: RUTH SAMMONS, DR. L. A. FREDERICKS, MRS. T. SACHU AND MRS. J. BRAVIN, WORKERS IN THE TASTEFUL DISPLAY OF FLOWERS.

Mounting the stairway transformed into a lane of verdure with bamboo, manzanita and other shrubbery, hundreds of visitors today entered the large exhibit hall of the Chamber of Commerce building to view the displays at the third flower show of the Alameda County Floral Society. Surpassing the former shows in the profusion and variety of the blossoms, this exhibition is evoking the admiration and delight of all who attend. All sections of the county are represented in the displays from garden and greenhouse.

So numerous have been the offers of flowers that an overflow exhibit has been arranged in the first floor. Tasteful arrangement has been shown in the display of the exhibits in pleasing harmony and the variety of color. Dominant is the clear note of the rose in all the

keys of major and minor, supported and interwoven with rhododendrons, calceolarias, stephanotis, pelargoniums, chrysanthemums and hydrangeas. Among those who effected the arrangements are Mrs. J. Bravin, Mrs. J. A. Scannavino, Mrs. T. Sachu, Ruth Sammons and Dr. L. A. Fredericks.

BOWLES EXHIBIT.

A rare exhibit of ten varieties of rhododendrons comes from the Claremont garden of Philip E. Bowles, accompanied by Japanese iris and peonies. A table of rare roses and one of miniature in gorgeous variety is the gift of Mrs. Frank Havens of Piedmont. Calceolarias were chosen by the Alameda Park Board as their specialty. Other exhibitors include: Mrs. C. K. Garrison, Miss Elsie May Zeile of Berkeley, the Denison Club, East Oakland, the Park Boulevard Club, Rock Ridge Improvement Club, W. H. Miller and W. H. Metherin, the Oakland Elmhurst Mothers' Club, the Vernon Park Board, C. C. Morse, Mrs. E. C. McKinnis, Mrs. Samuel B. McKee, Mrs. John Hinkel, Mrs. A. H. A. Smith, Mrs. J. W. Washford, Mrs. Charles H. Frost, J. A. Vernon, Mrs. Ralph W. Kinney, Childs, Mrs. F. E. Gould, Mrs. Benjamin Bangs, Demoto Brothers, Mrs. J. Bravin, Mrs. A. L. Donohue, Mrs. Sachau, A. H. Harms, E. Gill, Henry Schumann, Dr. J. A. Scannavino, Geo. C. Meeker, Dr. J. Carroll, Mrs. W. Lewis, Dr. L. A. Fredericks, G. Quick and F. C. Talbot. There is a children's table, which displays have been placed by Charles Sherman, Emil Brumiller, Leonard J. Rose and Mason V. Butz.

visitors, who marveled at the wide diversity of floral beauty possible in the soil of the county. The show remains open until ten o'clock at night and will close tomorrow night at that hour. No charge is made for admission.

Among exhibitors who placed rare blossoms in display today are Mrs. E. Vialas, Carl Fung, Miss M. E. Mallon, Mrs. John Wood, Mrs. Helms, James P. Edoff, Cora W. Jenkins, Marie M. Willett, Mrs. E. M. Lyon, Charlie Eilers, Fritze Brothers, Wray and Wrother and Hogan, Kooyman & Company.

NEW SCIENTIST CHURCH IS BEING ORGANIZED

The steady growth of the Christian Science churches in Oakland is forcibly illustrated in the formation this week of the Seventh Church of Christ, Scientist, which grew out of the First Church at Seventeenth and Franklin streets.

The First Church of Christ, Scientist, of Oakland, is one of the pioneer churches of the West, having been formed when the Christian Science movement was in its infancy.

The new Seventh Church will for the present use the sanctuary of the Fifth club building on Harrison street, above Fourteenth.

AGED MAN IS MISSING: POLICE BEGIN SEARCH

W. A. Semore, an aged laborer, is being sought by the police following the report rendered today that he has been missing from his home, 722 Thirty-eighth street, for more than a week. Little is known of the man and he has few relatives here. The case has been referred to the detective bureau for inquiry.

BANKERS' CHAPTER TO INCREASE ITS BOARD

The following officers have been named for the ensuing year by the Oakland Chapter of the American Institute of Bankers: J. S. Kiam, president; Theodore N. Gustafson, vice-president; Theodore N. Jenkins, secretary-treasurer; G. L. Page, J. J. Seavers and Paul Otter, secretaries.

At the next annual meeting of the organization the board membership is to be increased from five to seven.

ALAMEDA WOMAN ANSWERS GUYLER

Mrs. Isabella Barton Charges He Never Loved Daughter, His Wife.

NEW YORK, May 14.—Mrs. Isabella T. Barton of Alameda, Cal., filed her answer in the Supreme Court yesterday to the suit for \$500,000 brought against her by Telamon Cruger Smith Guyler, a lawyer of this city, who has been associated with the Paris house of J. P. Morgan & Co. who alleged that Mrs. Barton, his mother-in-law, alienated the affections of his wife, Mrs. Grace T. Guyler, who obtained a divorce from him in San Francisco on the ground of desertion and non-support.

Mrs. Barton says in her answer that Guyler never had any love for her daughter, and that before his marriage he was engaged to a young woman of Atlanta, Ga., who broke the engagement. Guyler never lost his love for this woman, Mrs. Barton says.

Mrs. Barton declares that if her daughter ever had any affection for Guyler, he alienated it himself by abuse and mistreatment, and that instead of her trying to take her daughter from him, she used her influence with Mrs. Guyler not to sue for a divorce on several occasions when her daughter had made up her mind to do so.

The former mother-in-law tells of money that she advanced for the support of the plaintiff and his family, and that he now owes her \$50,000; that some of the money she and her daughter gave Guyler he spent on other women, among whom she mentions one "Fluffy Ruffles," and also a young woman who had been a servant in the employ of his wife.

Guyler's family is one of the oldest in Georgia. He is a native of Atlanta, where he was married to Grace T. Barton in 1900. They have a daughter and a son, who are now with their mother in California.

New White Dresses For Women and Misses, \$3.95

A wonderful sale of White Dresses right on the threshold of Summer, offering you fully 56 different styles in sizes from 16 and 18 for misses and small women and sizes 36, 38 and 40 in regular bust measure. Thus we can fit practically every size in this unusual sale. Not a dress is worth less than \$5.00 and the majority are values from \$6.75 to \$10. They are made of practically every dainty wash fabric popular this season. Some models show flowered effects in crepe with large silk girdles; skirts are fashioned mostly with deep tunics. On display in our Eleventh street window.

New Summer Waists, 95c

An extremely low marking on Waists of excellent quality and beauty, that would ordinarily command much more. These are the very latest styles for Summer, embracing floral effects in crepes, etc. All have low necks and three-quarter sleeves. Some have trimmings of light colors around neck and down front—copies of much higher-priced waists. All are distinguished by the new droop shoulders or raglan effect. Also other waists priced at \$1.25 and \$1.45.

Curtain Draperies

CURTAIN DRAPERIES, in a wonderful variety of patterns and colors in dozens of new effects, with hemstitched edges, in blue, pink, brown or green—yard, 12 1/2c, 15c and 25c.

NEW SUNFAST DRAPERY at 39c and 50c yard; 30 inches wide; guaranteed fast colors against sun and water, in many new patterns and colors such as brown, green, gold, blue, red and old rose.

Exquisitely Beautiful Embroideries and Flouncings in a Sale That Reaches the Highest Altitude in Hale's Value Giving!

Positively and emphatically we wish to go on record as stating that, regardless of all the wonderful Embroidery Sales we have held in the past, the present event, to begin tomorrow, overshadows them all. That is a strong statement, but we make it with perfect assurance and in full knowledge that we must make it good. This we can and will do. Just imagine what it means, right now, with Summer Dresses, Undergarments, etc., to be made, to be able to buy surpassingly beautiful Embroideries at a mere fraction of their actual worth! There are 27-inch Flouncings, 45-inch Flouncings and large assortments of Corset Cover Embroideries and Edgings. We secured these exquisite Embroideries through one of those unusual trade circumstances for which our Eastern buyers are ever on the alert. Ready cash, not actual value, was the consideration with the house that sold them to us. We pass them along at prices that will make feminine eyes glisten with delight. Make a note now to be here early Saturday. This is one of our great leaders in celebration of our Thirty-Eighth Anniversary Sale.

10c Yard
Is the very low Anniversary sale price for Embroidered Edges, 2 to 12 inches, on Swiss, cambric or longcloth; insertions, beadings, and finished bands; 1 to 3 inches.

15c Yard
Beautiful 17-inch Embroidered Edges on Swiss, cambric or longcloth; edges, 4 to 12 inches wide on Swiss, cambric and longcloth; insertions and finished bands, from 2 to 4 inches wide.

25c and 48c Yd.
Embroidered Flouncings and Corset Cover Embroideries in 17 inches wide; small, dainty patterns on very fine Swiss; many with fine baby Irish edges. Also heavy cambric and longcloth flouncings, with neat open-work patterns; values to 75c yard, at 25c. Values to \$1.50 at 48c.

48c, 55c and 85c
Exquisite Voile Flouncings; also in white, in handsome floral patterns; plain or scalloped edges. Words fail one in attempting description. You must see them.

EXPOSITION TAKES BIG AMUSEMENT DEVICE

SAN FRANCISCO, May 15.—Fred Thompson, world renowned as a theatrical producer and creator of the Luna Park, New York's famous Coney

Island, has abandoned his contract with the Panama-Pacific Exposition to produce the big amusement feature, "Toyland Grown Up." As the result of financial entanglements his entire property has been turned over to the exposition company, according to the latter, and what the outcome of the

situation will be is only a matter of speculation at this time. The crisis was brought about by the action of a small creditor of Thompson, who sued for a claim and attached the Toyland property on the exposition grounds. A deputy from the sheriff's office served the papers

and took charge of the "Arc." Thompson's administrative building. The exposition company, on the ground that Thompson owed it a considerable sum of money, canceled Thompson's concession privilege and after negotiations between the exposition's legal department and the

sheriff's office the sheriff's deputy was withdrawn from the Thompson property and the exposition company's representative installed.

taxicab when the chauffeur stopped. "How much do I owe you, driver?" asked the passenger. "Ten dollars and eighty cents, sir."

"Well, say, driver," was the reply, "just back up and keep going. Lickard until you come to 30 cents, will you? It's all I've got."

EIGHT OFFICERS EJECT TWO MILITANTS

Women Dragged Out of Dock Shrieking. After Jeering Jaeger.

LONDON, May 15.—It took eight policemen to remove "General" Mrs. Flora Drummond and Mrs. Dore Fox, militant suffragette leaders, from the courtroom, today, after they were sentenced to a month's imprisonment. They were dragged out of the prisoner's dock shrieking and screaming. Before this they turned the proceedings into a farce by interrupting the evidence and by jeering the magistrate while he was pronouncing sentence. They were charged with disturbing the peace by camping on the doorsteps of the residences of Sir Edward Carson and Lord Lansdowne yesterday.

Shout of 'Hello, Bill' Frightens Holdup Man

VANCOUVER, B. C., May 15.—Held up by two armed and masked men in his store late last night, Charles Silverman, proprietor of a pawnbroking establishment on Cordova street, saw two acquaintances passing in the street and called out "Hello, Bill."

U. C. CASHIER MAY AVOID ARREST

Banker Asserts That System in Use Covered His

BERKELEY, May 15.—Investigation of the defalcation of Harry L. Wright, cashier of the University of California, continued today without any additional sum to that already discovered missing being unearthed. Nor was any step taken against Wright. His efforts to make good his shortage and his frank confession and assistance to the handling company in straightening out its affairs have posed that company toward leniency.

That the Berkeley National Bank was in any way to blame for Wright's success in covering up his tracks is denied by C. S. Downing, its vice-president. For years, according to Downing, Wright had been permitted to ante-date his deposit slips on the plea that he had to do so to keep the records of his office clear. In this way Wright was enabled to cover a shortage of one day when the receipts of some closely following day.

"This system was firmly established as a tradition of the bank," says Downing. "When the present receiving teller, F. W. Warnick, came into his position, besides, we all had such implicit faith in Wright and his explanation of the ante-dating of the checks seemed so plausible, it never occurred to us to call it into account. Still, we took the precaution always of forwarding to the treasurer of the university memoranda of the deposits with the correct dates entered therein. That should have given them reason for suspicion, it seems to me."

Warren Olney Jr., attorney for the regents, declares on the contrary that the auditor's duties do not extend to the treasurer's office, and hence that this was no protection. Olney is inclined to criticize the bank for being partially responsible.

The university itself will take no action against Wright, he being responsible to the bonding company to which he was engaged. This company, if it decides finally to prosecute, of which it gives no present indication, will take action through the office of the district attorney.

Irishmen to Honor Father of U. S. Navy

WASHINGTON, May 15.—Hundreds of patriotic Irish-Americans from all parts of the United States were pouring into Washington today to participate in the unveiling tomorrow of the statue to "Commodore John Barry, by many called 'the father of the American navy.'" In Franklin park the first delegation to arrive came from Boston, closely followed by delegations from other sections of the country. Many of the societies brought their own bands and they marched through the streets to the music of Irish tunes.

Negro Uprising May Be Quelled in Cuba

HAVANA, May 15.—Persistent rumors are current that negroes are preparing for a new rising in several provinces.

Many believe that the movement is connected with the trial of ex-Governor Asbert on the charge of killing General Armando Riva, chief of the national police, in which a verdict has not been rendered.

The secretary of the interior declares the government is prepared to meet any emergency.

BOTH HANGED WITH HATE IN SOULS

Herman Behrens and Frank Davis Meet Death Un-

NEW WESTMINSTER, B. C., May 15.—Herman Behrens of San Bernardino, Cal., and Frank Davis were hanged in the provincial prison here today. The men showed hatred of each other even on the scaffold, and Davis' last words declared that Behrens committed the murder for which the pair were executed. Behrens' body will be shipped to San Bernardino.

On the night of May 23, 1913, Police-man James Archibald came upon Behrens and Davis in Vancouver while they were dividing the spoils of a burglary. Archibald sought to arrest the robbers and was shot dead. Each of the criminals blamed the other for the shot. Behrens' mother came from San Bernardino and made a fight for her son's life that won general sympathy and delayed the execution, originally set for January 15 last.

Canal Death Toll During Ten Years Is Nearly 2200

WASHINGTON, May 15.—Nearly 2200 workers on the Panama canal died from accidents and fevers between May 1, 1904, and March 31, 1914, according to statistics read by Representative Young of North Dakota in the House today. The total of 2190 victims, Young asserted, was greater than the mortality from wounds and on the battlefield in the war of 1812 and the Mexican war combined, the revolution or the Spanish-American war.

had been trying for months to obtain from the Panama canal commission stated 1219 deaths occurred in the canal zone from accidents between May 1, 1904, and March 31, 1914; 73 deaths from malarial fever and 228 deaths from typhoid fever between January 1, 1907, and March 31, 1914.

There were 98,785 cases of malaria and 1162 typhoid patients.

VALLEJO NEWS

COL. KARMANY TAKES COMMAND

To Be Successor of Colonel Waller at Mare Island Navy Yard.

VALLEJO, May 15.—Colonel Lincoln Karmany U. S. M. C. arrived at Mare Island yesterday afternoon from the east coast and took command of the Mare Island marine barracks today. Colonel Karmany was formerly in command of the marine barracks at Washington, D. C. and has been on duty on this coast before. He has many friends on the yard as well as in this city. He comes to fill the vacancy made by the recent death of Colonel L. W. T. Waller, U. S. M. C.

It is stated on good authority that the job of converting the paddle wheeler Schom into an up-to-date excursion boat will be completed in about six weeks. With the Schom in commission she will probably be placed on the Sunday run from San Francisco to Monticello Grove. The Schom should be a good investment for her owners during 1915 as thousands of visitors to the fair will want to make a trip on the bay.

Now that repair work at the navy yard is rather slow, owing to the fact that most of the ships on this coast are in Mexican waters, it is expected that a number of ship mechanics will be put to work on the repair ship Prometheus during the next week or so as the department will want to commission the vessel some time in the fall. The Prometheus will be ready for sea service by the time the Atlantic armada arrives around on this coast in January, 1915.

Telephone No. 73 will not leave the navy yard this month as was at first announced as the hull department mechanics have just commenced another big job on the vessel. It is expected that she will be able to leave some time during the month of June.

Testing of water tight tanks still continues on the tanker Kanawha at Mare Island. One of the main oil tanks was tested with water pressure today and from all accounts it is meeting all requirements. The remaining tanks will be tested before the present month is over.

VALLEJO, May 15.—At the high school auditorium on Friday morning, May 29, at 10:30 o'clock the graduates from the grammar schools will be given their diplomas. The exercises to be marked by the rendition of a simple program. It is expected that the girls will follow the recommendation of the board of education and wear inexpensive dresses, the

cost of which shall not exceed \$5. This plan has been in effect in the high school for two years and is now being introduced in the grammar schools for the first time. The idea is to do away with extravagance and prevent an unnecessary expense being placed upon those who cannot afford it.

The young ladies are not to wear gloves and the presentation of flowers to the graduates is to be omitted. It is expected that the change will be appreciated by the students and their parents.

ASSISTANT CITY CLERK. VALLEJO, May 15.—Commencing tomorrow, telephone will have a new assistant city clerk in the person of Leon Coleman.

MARE ISLAND NOTES

MARE ISLAND, May 15.—The Mare Island estimators have been ordered to submit bids for making some necessary alterations and repairs to the arm transport Thomas which vessel is due to arrive in San Francisco early tomorrow morning from Manila.

Commencing next Monday the 18th inst. actual work on the two new steel coal barges will be commenced at the navy yard.

Cards were issued at the yard for today twenty-five laborers, four shipfitters and two rivet heaters for the hull department.

DUMA REJECTS BUDGET. LONDON, May 15.—A dispatch from St. Petersburg says that for the first time in its history the duma has rejected the budget. The majority against it was seventy.

SUIT MAY FOLLOW LIBRARY PLANS

Architect Says Design Was Copied From Detroit Structure.

SAN FRANCISCO, May 15.—San Francisco's new million-dollar public library of Italian Renaissance, which on paper looks more beautiful than the casino of a dream, promises to involve the city in a law suit for breach of contract that will attract widespread attention because of the claim that its chaste outlines are an architectural plagiarism.

Edgar Matthews, one of the architects who took part in the recent competition for the building has through William Gornell, his attorney, filed a protest with the Public Library Trustees that in accepting the plans of George Kelham chief of the department of architecture of the Panama-Pacific Exposition, they not only violated a contract agreement, but foisted on the city almost an exact replica of the public library of Detroit.

FILE ARTICLES FOR NORTHWESTERN ROAD

PHOENIX, Mont., May 15.—Articles of incorporation of the Butte, Boise and San Francisco Railway Company with a capital stock of \$10,000,000 divided into 100,000 shares were filed yesterday with the Secretary of State. These are amended articles of incorporation of the Butte, Boise and Yuma road filed six months ago. The amended articles give the route of the road as formerly designated upon as far as Jordan Valley. From there, under the new plan announced today the road will run by way of Steer Mountain to the northeast corner of California and through Surprise Valley. Thence the line will go to Pitt River, following the course to the Sacramento river and through Woodland, Napa Junction and San Rafael to a point near Sausalito.

WITHDRAWS LAND. WASHINGTON, May 15.—At the request of Senator Thomas and Representative Taylor of Colorado, President Wilson has withdrawn from a large number of tracts of land lying west of the city of Denver pending the passage of bills in Congress recommended by Secretary Lane to extend the park plan of Denver.

Out of Sorts

THAT IS, something is wrong with baby, but we can't tell just what it is. All mothers recognize the term by the lassitude, weakness, loss of appetite, inclination to sleep, heavy breathing, and lack of interest shown by baby. These are the symptoms of sickness. It may be fever, congestion, worms, croup, diphtheria, or something else. Do not lose a minute. Give the child Castoria. It will start the digestive organs into operation, open the pores of the skin, carry off the foetid matter, and drive away the threatened sickness.

Genuine Castoria always bears the signature of *Dr. J. C. Ayer*

Madame Isbell's

Beauty Lesson

LESSON VII.

THE EFFECT OF COLOR ON THE SKIN AND HAIR.

This lesson might better be styled "The Effect of Color on the Soul," for the relation of colors and the individual is far deeper than their mere reflection on the skin and hair. To some highly sensitive people colors have a marked psychological appeal. The color a woman loves is one generally becoming to her; it appeals to something beyond understanding, and the harmony thus created between color and soul is reflected in the face. Therefore, the first rule in becomingness is to choose the color that appeals the strongest to you.

Many of you may disagree with this on the ground that you have known people who wear red when it is conspicuously unbecoming, or others who, cling to blue when it is quite unsuited to cheeks and hair. Such people may have adopted these colors through habit and cling to them because they dislike changing, or at some period in their life they were told that a certain color suited them and they continued wearing it without further consideration.

What is Color?

Color, we are told by scientists, is the sensation on the retina of the eye made by rays of light, the intensity of the color depending on the degree of radiation. There are colors so faint and delicate that the eye cannot distinguish them; neither is the eye always able to perceive just where one color merges into another. The best examples of true, beautiful colors we find in nature, especially in flowers where no two colors placed in juxtaposition seem ever to blend.

Many of these colors are blended into textures and effected by means of manufactured dyes that skill is necessary in the combining of them, and care must be taken to choose those that harmonize or form an attractive contrast with the color of the skin and hair.

NOTE—Lesson VII is divided into four parts and should be read thoroughly to obtain full information on the subject.

(Lesson VII to be continued.)

NEW BALLET BY RICHARD STRAUSS

Production in Paris Important Event of Year in Europe.

PARIS, May 15.—The most important musical event of the year in Europe was the production last night of the new ballet by Richard Strauss, entitled "The Legend of St. Joseph," by Russian dancers. The composer himself conducted and the ballet was pronounced a brilliant success.

The work is not, strictly speaking, a ballet, but rather an opera without words. The composer and designers were inspired by Italian sixteenth century tapestries, the result being a most beautiful stage picture. The Strauss music equals his best.

The Russian dancer Nijinsky's successor, the youthful Leonide Massine, in the role of Joseph, aroused intense enthusiasm. After the performance it was announced that the French government had promoted Strauss to the grade of officer of the Legion of Honor.

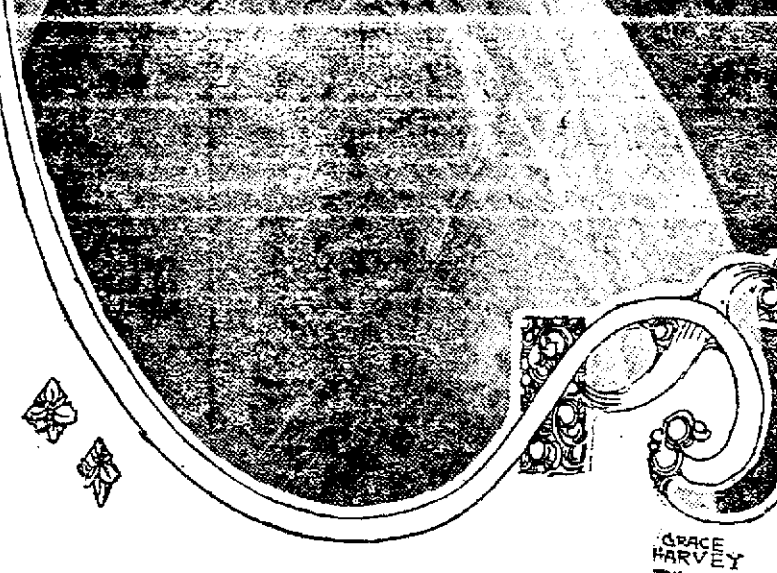

REPORTS WATER POWER MEASURE FAVORABLY

WASHINGTON, May 15.—The administration water power bill was reported favorably yesterday by the house public lands committee. It would authorize the secretary of the interior to grant leases for water power rights on the public domain, fixing royalties and imposing restrictions to prevent monopoly. In states which have no public utility commissions, the secretary would be empowered to make regulations to insure fair rates to consumers.

Chairman Ferris of the public lands committee had a letter today from President Wilson in which the latter said he favored action at this point, if possible, on the water power bill, Alaskan coal lands bill and the measure providing for the leasing of mining rights on the public domain.

ESTABLISH "GUN COURT"

CHICAGO, May 15.—A special "gun court" to hear cases against men arrested for carrying concealed weapons was established today by Judge Charles A. McDonald, acting chief justice of the Criminal Court. Stephen A. Malato, assistant state's attorney, was named prosecutor of the gun court and will make special effort to get severe punishment for so-called gunmen.

HERE is a charming romance in the younger set that may end in an engagement next year. It's really quite as charming as one of Dostoevsky's stories, with a pretty graceful heroine who is an heiress, a poor young hero, and a stern father, who really isn't stern—merely firm.

The hero and the heroine have danced at the same parties since the heroine made her debut, a year or two ago, and six months ago they decided to be engaged. Of course they couldn't be married for a time because the hero's salary was far from princely, and he hadn't very glittering prospects. But at least they would be engaged, and they told the heroine's father.

There should have been a scene, because being an heiress and a most attractive heiress who had been "finished" in the east, and traveled abroad, and so on, there was every reason to suppose she would make a brilliant match. There should have been a scene, but there was instead a very wise father who directed the situation.

An engagement was out of the question, of course, at least for a time. But the young man was apparently very much in earnest and very keen to succeed, so the wise father decided to give him fair opportunity. Being a financier with important interests he had opportunities to dispense. He might have given his daughter a generous dowry and let it go at that. But instead he found a position for the hero, who promptly resigned from the not at all lucrative one he had and went to work like a beaver in the heroine's father's office.

This was six months ago and he's "making good," they say. He's not by any means forbidden the heroine's house, but is cordially allowed to call, though no engagement will be considered for possibly a year. Then one of the interesting announcements of the season may reveal the charming romance.

MRS. COLLINS ENTERTAINS.

Mrs. Robert Hilliard Collins was hostess at a large bridge party this afternoon at her home in San Francisco. The party was most delightful and the guests were most entertained.

It was planned as an all fresco affair but the weather interfered and it took place indoors, where beautiful decorations were used.

Feeding with Mrs. Collins were Mrs. Tyler Henshaw, Mrs. Newton Cooper, Mrs. Fred Albright, Mrs. Dudley Kinsell, Mrs. A. M. McClellan, Mrs. Charles Gilman, Mrs. Richard Kessler.

Among the guests were Mrs. William Henshaw, Mrs. Wickham Henshaw, Mrs. Herbert Stone, Mrs. Dana Chiswick, George Whittier, Mrs. Allen Chiswick, Mrs. Charles Gilman, Mrs. Edward Henshaw, Mrs. Lucie May Hayes, Mrs. Timothy Cogan, Mrs. George De Gollis, Mrs. Wallace Everson, Mrs. Frank Cullen, Mrs. Frances Davis, Mrs. Harrison Clay, Mrs. Mosley, Miss Marion Everson, Miss Elsie Everson and Miss Carrie Nicholson.

JUNE WEDDING.

The marriage of Miss Edith Harmon and Cleveland Whipple will take place June 1 at the home of the bride's parents, Mr. and Mrs. A. P. Harmon, in Fruitvale. It will be quite a large affair with four or five attendants for the bride and an elaborate scheme of decorations at the Harmon residence. Invitations will be sent out next week when the details will be definitely arranged.

MISS TYSON'S DANCE.

The dance to be given by Miss Marie Louise Tyson in honor of Miss Louise Tyson will take place tomorrow evening at the Tyson residence in Alameda. About 40 guests will be entertained, among them members of the Matson-Roth bridal party. This evening Miss Marie Louise Tyson will be at a dance at Ingleside Country Club for Miss Matson, and on Monday evening Miss Marie Louise Tyson will give a dance in San Francisco for the much-feted bride-elect.

MRS. BARRILLET DEPARTS.

Mrs. Henry Barrillet has given up the residence she occupied in Claremont during the winter, and has gone to Palo Alto, where she will be established in the Hamilton residence place for the summer. Her grand-daughter, Miss Helen Bowie, will be her guest frequently during the season. Mrs. Barrillet has taken a prominent part in society in various parts of the country, and she will be greatly missed.

GIVES BRIDGE LUNCHEON.

Mrs. A. W. Foshay was hostess at a bridge-luncheon at her home in Piedmont Tuesday afternoon. The table was prettily decorated with baskets of Cecil Bruner roses, and the guests were Mrs. Millard Layman, Mrs. Charles Gorrell, Mrs. Van Erven, Mrs. R. R. Rye, Mrs. L. H. Heacock, Mrs. F. R. Witz, Mrs. M. A. MacDonald, Mrs. Helen Kidd, Mrs. Caldwell, Mrs. M. E. Campbell and Mrs. Foshay.

MORNING WEDDING.

The wedding of Miss Vivian Vane and Eugene Stevens will take place on Sunday, May 21, at the Vane residence in Fifth avenue. Only relatives and two or three close friends will be present at the ceremony, which will take place at 10 o'clock. The bride will wear a gown of white silk, with a hat of green.

CONSTANTINO ARRESTED AND RELEASED ON BOND

BOSTON, May 15.—Florence Constantino, the opera singer, was released yesterday under a \$500 bond after his arrest on charges of non-payment of a judgment obtained against him by Oscar Hammerstein in New York.

Counsel for Hammerstein said the action taken because it was alleged Constantino was about to leave for Europe. The singer remained in custody of the sheriff at Charles street jail Wednesday night.

CLUBS ASK FOR TWO STATION APPROACHES

Through the action of the Seventh Street Improvement Club and the Downtown Association, with officials of the Southern Pacific Company, it is probable that within a very short time the gates on the Southern Pacific train on Seventh street will be opened on the Broadway station.

Broadway station is also working toward having Eighth street between the bridge and Harrison street paved with asphalt. While many of the property owners have signed contracts for the work there are but a small majority that are refusing to sign and one who is openly protesting against it.

The matter will come to a hearing before the City Commissioners on May 21.

HONOLULU OCTOGENARIANS OUT TO SEE THE WORLD

SAN FRANCISCO, May 15.—E. F. Charnock and George Charnock, aged 74 and 84 years respectively, arrived here today on the Steamship Sierra from Honolulu, Pasadena. They have just completed their first trans-Pacific voyage. They made a tremendous fortune in government land and although octogenarians, set out recently to see the world.

Sings Erin's Songs Olcott Is Pleasing

CHAUNCEY OLCOTT.

With the harp and the Star and Stripes in almost continuous evidence, Irish and American patriotism making their alternate appeal, and Chauncey Olcott singing his sweetest songs of Erin, what could the audiences at the Macdonough yesterday afternoon and last night do but capitulate to the charms of Olcott's newest play, "Shamrock Blue." Whether the audiences were prepared to be charmed is neither here nor there. That they went in large numbers, as befits loyal Olcott admirers, saw, heard and were conquered is what may be stated with finality.

The Olcott following may be counted upon with considerable certainty in Oakland. Unfavorable skies matter not. They know they will glimpse the glorious skies that beam on the Emerald Isle, hear the songs that thrill the Irishman's heart and delight hearers of every nationality laugh as wit flows freely, and whether they know it or not, in advance, they are going to need a handkerchief or two.

The new Olcott play by Rida Johnson Young, produced under the direction of Henry Miller, is one of the best vehicles the actor and singer has been given. Olcott, as the patriot and poet of Kinnear in the latter part of the eighteenth century, is a central figure in the life of the village, and a seeker, finally a successful one, for the hand of an American girl of Irish heritage. The political intrigues as well as the love-making of the time, from the substance of the play, which permits the easy introduction of a half dozen new songs by Olcott. The numbers were enthusiastically enjoyed at both performances yesterday. Among them were: "I Never Met Before a Girl Like You," by George Graff, Jr., Olcott and Cassius Freeman; "My Little Dhukeen," by George Graff, Jr., and Olcott; "Dream Girl O' Mine," by Olcott and Cassius Freeman; and "Too-ra-loo-ra-loo-ra-loo," That's an Irish Lullaby," by J. R. Shannon.

Miss Constance Molloy, who delineates a charming Peggy O'Dea, the American girl, and Miss Beth Franklin has the role of a winsome widow who is a close rival of Olcott in suiting the character work of Mrs. Jennie Lamont and John G. Sparks as Betty and Andy Sparks is admirable. All the parts are in capable hands.

The stage settings are of the most substantial sort, the sitting room scene introduces solid doors and costly and correct furniture of the period.

A regular scene in the last act is a feature of the production.

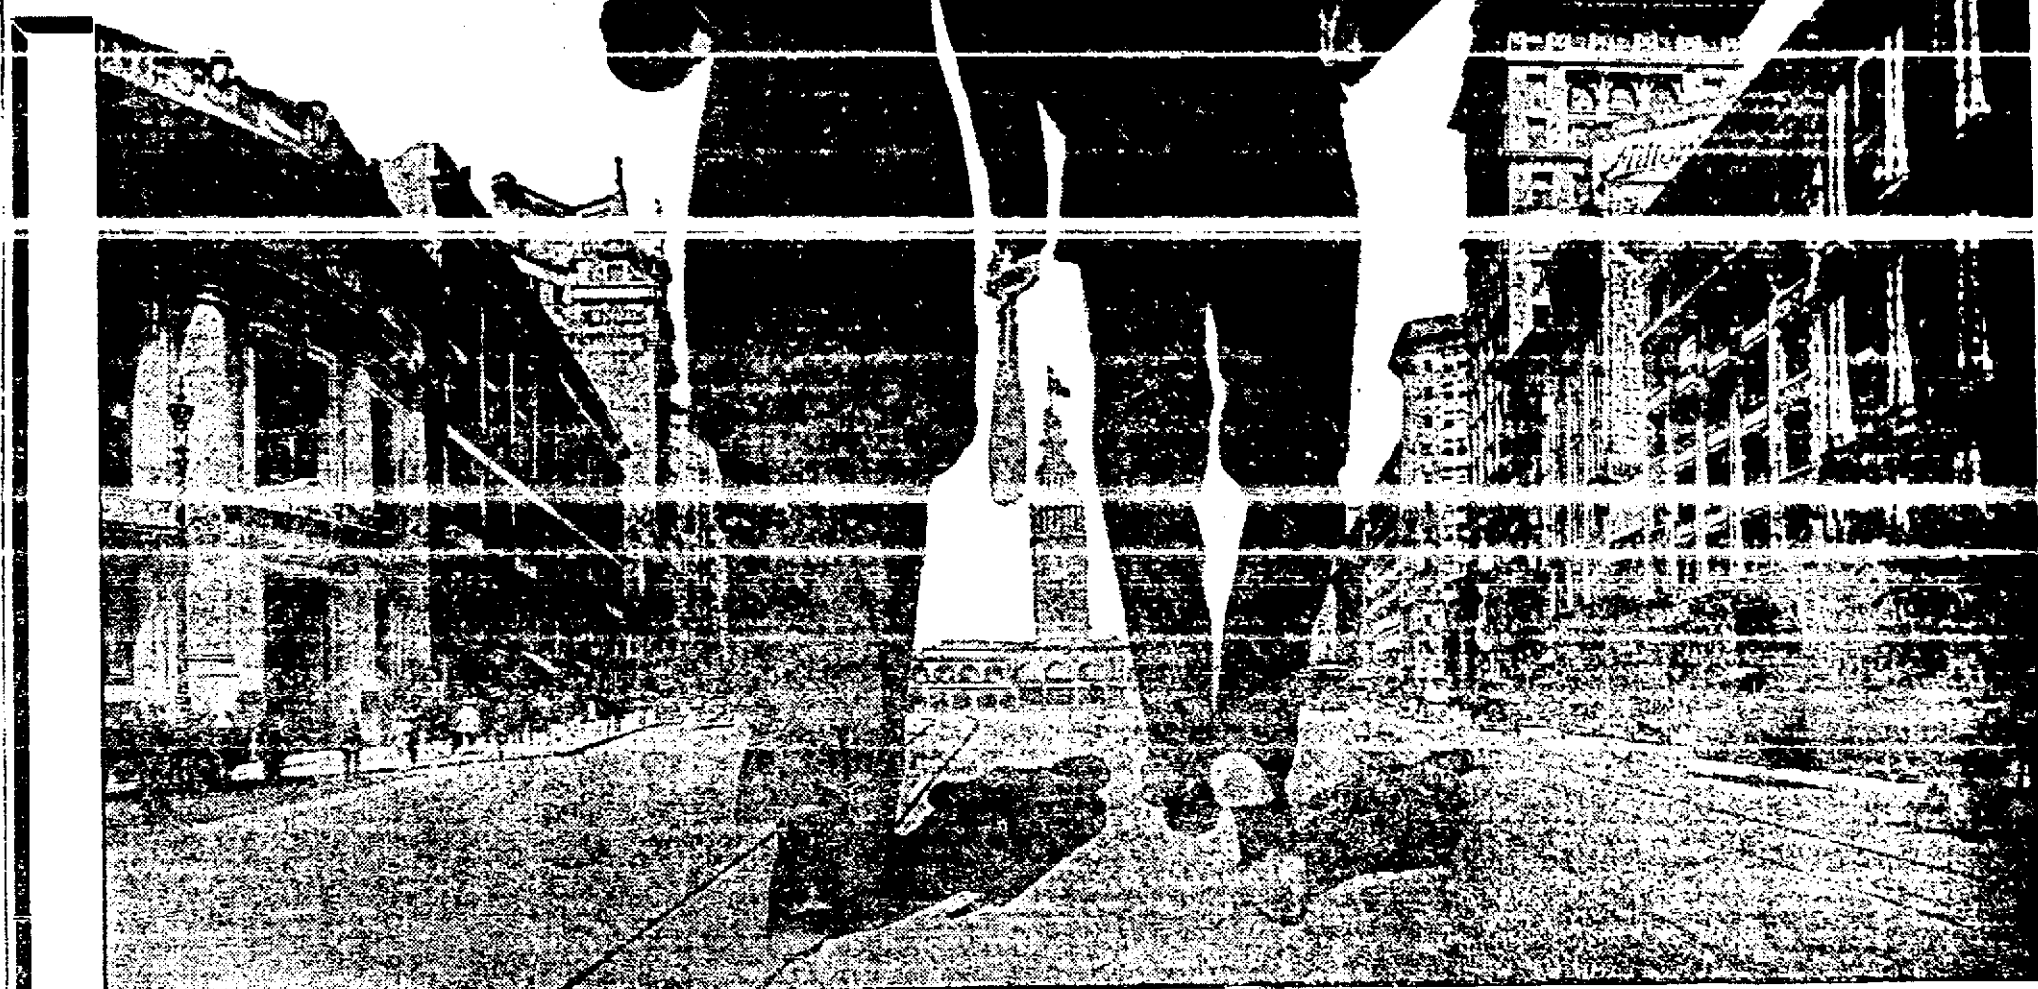

RAILWAY EMPLOYEES TO GATHER IN S. F.

SAN FRANCISCO, May 15.—The Southern Pacific Railway Employees' Welfare Association, San Francisco branch, is planning to hold a social and dance tomorrow evening in Native Sons' hall. Come Sunday and Learn Why

Why Do 44,000 San Francisco People Come "Home" to Oakland Every Night

During the year 1913 the ferry-boats hauled over 41,000,000 people—over 20,000,000 each way, which is over 54,000 a day. Allow 10,000 a day for shoppers and overland traffic and there remain 44,000 who are commuters. There must be a good reason for this.

Do You Know Oakland is Growing Faster Than Any Other City on the Pacific Coast? It's a Fact; With No Exceptions

Oakland offers the home loving family man more than he can obtain in any other community; that is why 44,000 San Francisco people come HOME to Oakland every night; that is why the number is increasing by thousands each year. The sub-divisions placed on the market in Oakland are what have brought and are bringing the family man—the population—the development—the rise in valuations.

The New Seal Home Across the Bay, Showing Striking Similarity to the New Oakland Grounds. The First Game Will Be Played There Tomorrow.

HERE ARE INSTRUCTIONS TO COAST LEAGUE UMP'S Fans Can Find Information of Interest to Them

Fans will find valuable information in the set of instructions which President Allan T. Baum issued every year to the staff of umpires in the Pacific Coast League.

An umpire is sometimes booed and tided by the crowd for insisting upon an apparent technicality, when in reality he is merely carrying out explicit orders from his employer. Many points, not covered in the playing rules, and a good many rules of conduct and sound baseball wisdom is to be found in the appended list of instructions. Fans must well preserve and study them, and sympathize once in a while with the efforts of the umpires to carry them out in the spirit with which they were issued:

PACIFIC COAST LEAGUE.

Umpires—The amended playing rules will be in force.

Do not start a game without a thorough understanding with your associate and both captains regarding ground rules. Announce all special ground rules to the spectators.

Insist that non-playing managers name a field captain before the start of a game or when the recognized captain leaves the game.

Use your best judgment in continuing a game in bad weather. Do not permit a rain delay to stop a game once started. Protect both club and public and, if possible, play nine innings. Remove or fine a player for dilatory tactics. If two clubs agree on a certain time to stop a game to catch a train, announce to the spectators that the game must be stopped at the exact time agreed upon, regardless of how the score stands.

A few minutes prior to the time for game to begin, require each captain to present you with the written or printed batting order of his team, at the home plate. Announce batteries and changes in batting order to occupants of both grand stand and bleachers, also all changes during the game.

If club plays a game under protest, make a note of the time, conditions, etc., and write this office immediately, giving all the facts leading up to and connected with the protest.

Report any player or manager who declares the game beyond reason when ordered off the field. In the case of a player not complying with your orders to leave the field, warn him of the forfeiture penalty, and if he still refuses to leave, use your judgment about forfeiting the game, or have an officer remove him.

Do not forfeit a game if you can possibly help it, no matter what the provocation. Use every effort to stop a game to avoid it, even to waiting constantly beyond the regulation time, or to calling a police officer to remove the offending players.

Section 3, Rule 67, does not apply to individual substitutes or coaches ordered from the game.

Insist that practice batters and players return to the bench as soon as the starting bell rings.

Keep the players hustling when changing positions. Report chronic loafers, also those who attempt to delay the game, or who, in your opinion, are not giving best service to their clubs.

The batter next up should advance from the bench before his turn at bat in order to save time, but do not allow more than one batter to leave the bench.

Insist that catchers take marks and protectors with them in changing innings. Do not permit bats or other articles on or near playing field.

Under no circumstances, permit any manager, captain or player, whether in uniform or citizen's clothes, upon the playing field while under suspension. Due a police officer to give you all suspensions and lengths of same.

You have authority to fine a manager or player to the extent of \$10, and permit

Diamond Flashes

By L. B. GROSS.

When the new Ewing Field is opened tomorrow—if rain does not prevent—the biggest melon of the season will be cut, and it is in this respect that Frank Leavitt and Jack Cook have the laugh on Happy Hogan of the Tigers. Hogan had first call this year and picked San Francisco and the new park, but it was found that the big park could not be completed for the opening of the season and so Happy lost out. However, Hogan made up his mind to be present at the ceremonies and will leave Los Angeles tonight to be on hand tomorrow.

At the present time there is a chance of the Seals losing an opportunity to share in their own melon, as if it should rain tomorrow and Sunday the Oaks and Beavers would gather the big money next week. There is no doubt, however, that Cook would rather see the park filled with a larger crowd than would the Beavers and Oaks.

Rip Hagerman, the ex-Beaver, was worried yesterday in the greatest pitching duel witnessed in the East this season. Hagerman, who is with the Oakland Naps, allowed the Philadelphia Phillies to run and six hits in 10 innings, while Mark of Philadelphia twirled shut-out ball, allowing but six safeties also.

"Dutch" Leonard, the former St. Mary's College twirler, ran a 4-hit game against St. Louis yesterday and shut out the latter club. Leonard is only one of the California pitchers who are having a rather good season in the big brush.

Manager Herzog of the Cincinnati Nationals was put out of the game again yesterday for disputing a decision of the umpire. Cincinnati won from Boston by a 6 to 0 score, so Herzog might just as well have saved his skin.

Lou Drueke, who had a chance with "about any" team in the Coast League in the last couple of years, has landed a berth with the Minneapolis club of the American Association. Drueke, who is a Western League on account of wilderness.

"Ole" Bill Maloney will no doubt occupy the mound for the Diggers in today's contest with the Del-peppers, while Lefty Leifeld is slated to twirl for the Beavers. Arrangements for the game on the road and the Diggers will probably treat him as they did Hub Pernell and Bill Tozier.

Tommy Quinlan led his teammates with the big stick yesterday, clouting out a double and two singles. Rocky Middleton felled his striking and secured but one single.

We have no alibi to offer. The Del-peppers won from Devlin's Diggers yesterday, by hitting the bats in the stages of the game when hits meant runs. With the score reading Oakland 2, San Francisco 1, the Seals bunched hits off Jack Killian in the seventh and eighth innings, which brought in one run in each of these two frames. Both teams played errorless ball, and while the Diggers secured nine safeties to the Seals' ten, Devlin's men could not get the angles when they had runners on the bases.

Making spectacular catches in leftfield is getting to be daily custom with Tommy Quinlan, the Diggers' speedy outfielder. In the first inning of yesterday's contest, Quinlan made a brilliant running catch of O'Leary's long fly to the fence. The drive was more on the order of a line drive, than a fly ball, and Quinlan did not get the angles with a mighty effort he captured the ball.

With the bags full in the third inning, Doc Cook executed a difficult one-handed stop of a drive between short and third. Quinlan's bat, and O'Leary's bat, were forced at third.

An odd double play was made in the fifth inning. The Diggers had the bags full, and one down, when Quinlan was at bat, bounced one down to Howard at first and all runners started to advance.

Howard without touching first, threw to Clark who chased the runner back toward third and tagged him before he reached the old base. Clark then threw the ball to Corban at second to get the man going from first to second, and in the meantime Quinlan had started for the plate. Corban, receiving the ball in the standard receiving the ball in time to get Quinlan.

Beginning tomorrow, all Coast league parks will have backstops sufficiently far back from the home plate to permit the abandonment of the old 90 foot rule, and President Baum has so ordered. On all wild pitches or passed balls hereafter, the base runners advance at their own peril and take as many bases as possible.

It was in 1907 that the first game of baseball was played in what is known as Recreation park, San Francisco, and on that day it rained.

Today, if it does not rain too hard, the last game of baseball will be played between Pacific Coast league teams. Tomorrow will give way to the handsome new Ewing field at the foot of Lone Mountain, will be used by the Olympic club, for all former baseball events, as while the fans will never witness a Coast league game thereupon again, they will still have an opportunity to visit the park.

A meeting of the boosters' committee, who have charge of the arrangements for the big booster luncheon and automobile parade, and other ceremonies to be held tomorrow, was held this afternoon.

In readiness for the big day tomorrow, over 500 fans will be in attendance at the luncheon.

Fans interested in State League affairs will find appended the way the players are batting up to the present season. Quinlan, Smith, the heavy hitting veteran outfielder, is the league leader.

Player	Team	AB	R	HI	AVG
Quinlan	San Jose	11	2	4	.364
Smith	Oakland	11	2	4	.364

NINE YACHTS WILL BE IN RACE SUNDAY

Nine yachts, including two schooners and one yawl, have entered Sunday's ocean race around the middle Farallon island, a course of 55 nautical miles, the longest deep sea test the yacht clubs around the bay are called upon to make this year. It will be held under the rules of the San Francisco Yacht club for the F. G. Phillips trophy, awarded to the boat first winning two races.

Three wins have already been insured on the handsome cup, the slope Yankee, Harpoon and Thistle each having won it once.

Breezy Bits by Billy Fitz

Poor Tommy Quinlan is slipping. He can only bring the crowd to its feet with his catches once a day now, and he gets but three hits. Very sad.

Nothing that there are sixteen owners to every American yacht defender, one wonders where they are going to find room on deck for anything but commodities.

The meanest man we know, went up to J. Cal Ewing yesterday and suggested that it was going to rain Saturday. Ewing went home desperately ill.

Every time the San Francisco sporting writers sit down and tell their readers just what is the trouble with the Seals, the latter go forth and win a game.

Reading that it doesn't cost anything for the Britons intend to stand by their polo champion.

It is now beginning to dawn on Sacramento fans that the Wolves can be beaten occasionally.

We know where the Venice team saved the day again by a wonderful catch in centerfield.

The Taylors have sold their interest in the Boston National club to J. J. Langdon of New York, now the sole owner. J. J. doesn't believe in Tailored Sox.

Tr Cobb was guest of honor at a dinner last night given by local agents who wanted to absorb some of his nerve and running ability.

Speaking of Tr Cobb, we note that the Wolves got fourteen hits and one run yesterday which must be almost as difficult to accomplish as getting fourteen runs on one hit.

Wine improves with age, but not base running.

After Jack Killian got those two hits yesterday, we knew it was all off. You can't expect a man to equal his season's batting record and pitch winning ball, too, all in the same day.

Sacramento and Portland have each suggested mediation for the balance of the week.

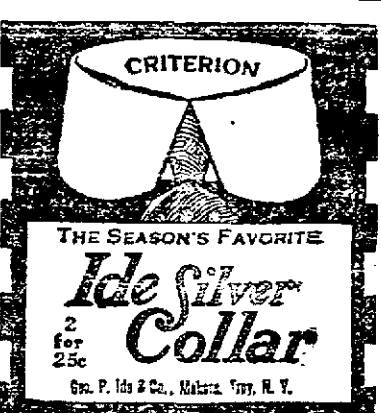

AMERICUS THROWS FRISTENSKY. BALTIMORE, Md., May 15.—In a wrestling match here last night, Gus Schenckel (American) of this city won in straight falls from Gustav Fristensky, the Bohemian.

COBB INTRODUCED AS CHAMPION THIEF

NEW YORK, May 15.—Introduced as "the biggest thief in his business—baseball," Tr Cobb made a speech at the annual dinner of the American Baseballers' association. Cobb said that being called upon to speak made him feel so uncomfortable that his evening was spoiled, but said he hoped bookkeeping was not as strenuous as baseball.
